

State of Illinois
Illinois Department of Transportation

FY 2012-2017

Proposed Highway Improvement Program

Illinois Department
of Transportation

District 1 – Urban Interstate Resurfacing

Milling and resurfacing on Interstate 290 from Sacramento Boulevard to Interstate 90/94 in Chicago.

District 2 – Rural 4 Lane Bridge Rehabilitation

Miscellaneous repairs on the structure carrying Interstate 80 over the Mississippi River.

District 6 – Rural 2 Lane

Concrete pavement on County Highway 10 east of Elkhart.

District 6 – Urban Streetscape

Streetscape reconstruction that includes new concrete pavers, sidewalks, lighting, planting beds and traffic signals on Capitol Avenue between 5th Street and 7th Street in Springfield.

District 8 – Urban Pedestrian Bridge Construction

Construction of a 3-span pedestrian bridge, sidewalk, lighting, landscaping, sewer and retaining walls for the city of Alton over US 67 at Riverfront Park.

IDOT HIGHWAY PROGRAM PLANNING AND DEVELOPMENT PROCESS

Program Objectives

- Preserve and maintain the existing highway system of roads and bridges.
- Upgrade existing facilities for congestion mitigation and safety improvements.
- Expand the system to enhance economic development.

Program Planning

- Estimate revenues from federal and state sources.
- Deduct costs for administration, maintenance and operations, certain other state agency operations and bond debt service to determine available funds. Determine the annual amount as well as the multi-year period.
- Assess highway needs for preservation, increased capacity and expansion of the highway system.
 - Assess physical condition of the highway system, including bridges, using technical data and processes.
 - Identify crash locations and safety needs.
 - Identify needed additional capacity improvements on existing roads and new major arterials to relieve congestion and enhance economic development.
- The pavement and structural condition ratings, the type and volume of traffic being served, the functional importance of the route, accident history, geometrics and public input are considered in developing proposed projects.
- Funding targets and technical guidelines are issued to the Illinois Department of Transportation's (IDOT) nine highway districts to develop, prioritize and submit projects for inclusion in the multi-year program (MYP). This guarantees statewide consistency in the overall level of service and ensures that each district is achieving the overall objectives of IDOT.
- Engineering, land acquisition, utility adjustments and construction are scheduled for each project as needed.
- The anticipated Fiscal Year for construction is dependent on the status of preconstruction activities and availability of resources.
- An annual element is identified that forms the basis of the proposed highway improvement program for the upcoming fiscal year.
- The program is reviewed and announced by the Governor.
- The published MYP is a highway improvement program developed by engineers using technical data. It is presented to the General Assembly and the public for review and discussion during the appropriation process.

SEEKING PUBLIC INVOLVEMENT – HIGHWAY PROGRAM OUTREACH MEETINGS

Effective transportation is vital to the Illinois economy. In an effort to ensure that the public is given opportunity to review and comment on the multiyear highway program, IDOT held a series of public outreach meetings throughout Illinois in the fall of 2010 concerning the development of the FY 2012-2017 Proposed Highway Improvement Program. A total of 20 meetings were held, and a combined 378 comments were received. The cities and dates of these meetings are noted in the table below. The overwhelming majority of the comments received at the outreach meetings involved specific individual projects. In many instances, those providing comments sought additional lanes or intersection improvements in order to decrease congestion or improve safety. In Districts 1 and 6 a few comments surfaced regarding the program development process itself, primarily focusing on the goals of the process as well as the goals of local planners. In District 8, all comments pertained to a single project, which most people who made comments desired (although there were a few comments in opposition).

Similar to the comments, attendance at the outreach meetings varied from meeting to meeting – even within a highway district. For example, District 1 had a few meetings where over 20 people attended. At the same time, they had a few meetings where attendance was less than ten (at least one meeting with less than five). Those who did attend the meetings almost universally appreciated the opportunity to review the program and to talk with IDOT staff. IDOT staff expended an extensive amount of time and energy in preparation for these meetings.

In summary, the meetings were a useful first step in obtaining input into the highway program development process. Additional groundwork needs to be performed in advance of the meetings to encourage the Department's stakeholders to participate more fully in these meetings to provide input into the program development process.

EXECUTIVE SUMMARY

The Illinois Department of Transportation's FY 2012-2017 Proposed Highway Improvement Program totals \$11.525 billion and includes an FY 2012 annual program of \$2.952 billion. Funding for the 6-year program is made up of \$7.185 billion in federal funds, \$3.624 billion in state funds including \$230 million in Transportation Series A bond re-appropriations from Governor Quinn's *Jump Start Capital Plan* and \$2.044 billion in Transportation Series D bonds for the *Illinois Jobs Now!* program, and \$716 million in local funds.

The American Recovery and Reinvestment Act of 2009 (ARRA) provided an additional \$936 million of federal funds for Illinois highways. Illinois was in the national vanguard for implementing the projects made possible through the ARRA and obligated 100 percent of its allocated road and bridge funds before the March 1, 2010 deadline. Illinois was recently identified as one of only 30 states that had complied with all federal Maintenance of Effort requirements. This keeps IDOT eligible for potential additional federal highway funds as part of the 2011 Redistribution of Obligation Authority.

The *Jump Start Capital Plan* was approved by the General Assembly and signed by Governor Quinn in April 2009. Public Act 096-0005 authorized \$2 billion of Transportation Series A bonds. The *Illinois Jobs Now!* program was approved by the General Assembly in July 2009. Through Public Acts 096-0034, 096-0036 and 096-0037, this comprehensive infrastructure program included an additional \$3.05 billion of new Transportation Series D bonds for highway projects that address congestion needs in urban areas and provide for economic development opportunities statewide by expanding the state highway system. Of the total bond amount appropriated, approximately \$1 billion of projects is planned for implementation in FY 2012 including engineering, other pre-construction activities and construction. Planned highway projects for *Illinois Jobs Now!* shown in the project lists are highlighted by shaded gray boxes and are footnoted.

To continue the early success of the ARRA, *Jump Start* and *Illinois Jobs Now!* the General Assembly approved Governor Quinn's proposal to advance almost \$1.6 billion of ready projects into the 2010 construction season. The *Accelerated Construction Program* was a mixture of *Jump Start*, *Illinois Jobs Now!*, previously-identified regular highway program projects and newly-identified system condition needs. The additional funding was made available in 2010 and contributed to the largest highway construction season in Illinois history. All of the remaining Transportation Series A bonds were appropriated for the *Accelerated Construction Program*.

Federal transportation legislation titled Safe, Accountable, Flexible, Efficient Transportation Equity Act - A Legacy for Users (SAFETEA-LU) was signed into law in August 2005 and expired at the end of September 2009. The federal legislation authorized an increase in Illinois' share of highway funds by more than \$300 million on an average annual basis. Of this amount, over 60 percent was for special earmarked projects. The total amount of highway funding expected for Illinois over the life of the legislation was increased by approximately one-third. The original SAFETEA-LU legislation has been extended until September 30, 2011 to keep federal transportation funds flowing to the States.

In addition to federal formula funds, Illinois also received \$1.25 billion in congressional earmarks for nearly 300 specific projects identified in the SAFETEA-LU legislation. The earmarks were in four distinct federal programs; High Priority Projects (HPP), National Corridor Infrastructure Improvement Program (NCIIP), Projects of National and Regional Significance (PNRS) and Transportation Improvements (TI). Typically these earmarks required state or local matching funds. In some cases, the earmark and required matching funds were enough to initiate preconstruction activities. In other cases, these new funds replaced other funds in a project that was already included in a previous highway improvement program. Illinois is steadily working through the remaining available earmark funds. Congress recently showed an interest in rescinding funds earmarked for highway projects that have not been at least partially obligated. The department continues to work closely with the Illinois Congressional delegation to prevent the loss of federal transportation funds.

The department will continue to be challenged as we move forward. On the revenue side, there is continuing concern that the federal Highway Trust Fund will need additional infusions of general funds to

remain solvent. Approximately \$34 billion has already been transferred and additional transfers are expected to be necessary by the end of 2012. Additionally, as a result of consumer reaction to higher fuel prices and the economy in general, IDOT has revised its revenue estimates for state motor fuel tax and vehicle registration receipts. The FY 2012-2017 Proposed Highway Improvement Program assumes no growth of motor fuel taxes and less than one percent annual growth of vehicle registration receipts over the program timeframe.

Before the implementation of ARRA and the *Jump Start Capital Plan/Accelerated Construction Program* in 2009 and 2010, state roads were deteriorating quickly with little potential for system condition improvement. As a result of the rapid implementation of these programs, IDOT was able to improve the deteriorating condition of state roads and bridges. The condition of state-maintained highway system mileage is currently 89 percent acceptable. Currently 92 percent of state-maintained structures are in acceptable condition. The rate of deterioration of roads and bridges was also slowed. However, one-time infusions of federal funds and bond programs are both non-sustainable revenue sources. The backlog of state miles that need improvement is expected to grow during this proposed highway improvement program. Maintaining the system of roads and bridges under state jurisdiction is the primary priority in the development of this highway improvement program. The majority of funds are allocated to projects that improve the condition of Illinois roads and bridges. A concerted effort was made to meet the bridge system condition goal and to keep roadways as safe and well-maintained as possible. However, given the current budget pressures in Illinois, the considerable needs for funding for other transportation modes and the expected uptick of system condition needs, IDOT will be challenged to maintain the current level of acceptable mileage on the state highway system. State-maintained bridges are anticipated to be 92 percent acceptable at the end of FY 2017. In order to maintain this level, state-maintained mileage is expected to drop to 76 percent acceptable.

IDOT has identified four vital elements for the state highway system with roadway safety as an overarching goal. These vital elements are:

- System Maintenance, including reconstruction, resurfacing/widening and safety projects,
- Bridge Maintenance, including bridge replacement and rehabilitation projects and minor structure repairs,
- Congestion Mitigation, including major projects that reduce traffic congestion in urban areas and other improvements that improve traffic flow and
- System Expansion, including new roads and other projects that increase access and promote economic development.

The FY 2012-2017 Proposed Highway Improvement Program will:

- Provide funding to maintain 3,248 miles of highways and replace or rehabilitate 611 bridges.
- Provide for reinvestment in downstate Illinois for interstate highways such as Interstate 55 from north of Illinois 16 to north of Illinois 48 in Montgomery County and Interstate 57 from Jefferson County line to north of Cross Road in Marion County.
- Provide \$431 million for local benefits programs to help cities, counties and townships improve local roads and support economic development.
- Provide funding for railroad crossing safety improvements throughout the state.
- Enhance highway safety as part of IDOT's regular highway improvement program by targeting specific fatal and severe crash locations and addressing statewide safety concerns.
- Provide \$18 million for the Illinois Broadband Connections program to install fiber optic cable along highways throughout the state.

The following \$11.525 billion program outline for FY 2012-2017 is IDOT's six-year plan. IDOT will publish the final annual program for FY 2012 later this summer.

The entire \$3.06 billion of Transportation Series D bonds for *Illinois Jobs Now!* highway projects was appropriated in FY 2010. In addition, the entire \$2.0 billion of Transportation Series A bonds for the *Jump Start Capital Plan/Accelerated Construction Program* have been appropriated. In order to present a program that can reasonably be planned for implementation, planned re-appropriations of both bond types scheduled for the FY 2012-2017 timeframe are included in program totals and in the following tables. For the most part, the available Transportation Series A re-appropriations are the result of savings from construction contract awards lower than the programmed amount.

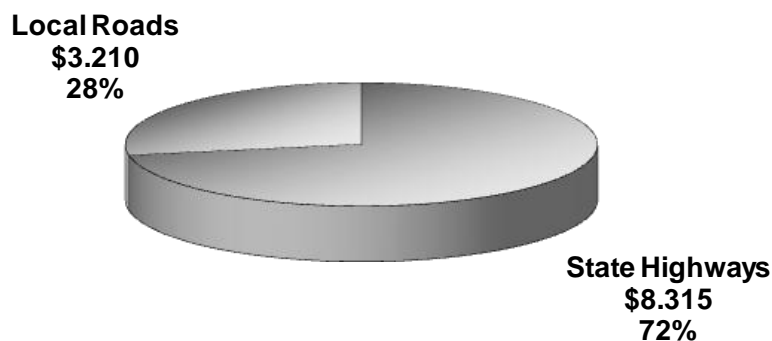

FY 2012-2017 Program Funding

The \$11.525 billion highway improvement program for FY 2012-2017 includes \$8.315 billion for improvements to the state highway system with \$3.210 billion available for the local highway system. This available funding for local system projects is in addition to regular state motor fuel tax allotments made directly to local governments. The remaining \$230 million of bonds from the *Jump Start Capital Plan/Accelerated Construction Program* and the remaining \$2.044 billion cost of the *Illinois Jobs Now!* program are included in the state highway program. The following table and chart summarize program distribution for FY 2012-2017.

FY 2012-2017 PROGRAM DISTRIBUTION (\$Billions)

<u>Program Distribution</u>	<u>FY 2012</u>	<u>Total FY 2012-2017</u>	<u>Average Annual FY 2012-2017</u>
State Highways	2.417	8.315	1.386
Local Roads and Streets	<u>0.535</u>	<u>3.210</u>	<u>0.535</u>
Total	2.952	11.525	1.921

FY 2012-2017 Program Distribution \$Billions

Federal Funding

The \$7.185 billion in federal funds is based on anticipated apportionments and allocations at levels established in the federal SAFETEA-LU legislation of 2005. Federal funds available during the six-year

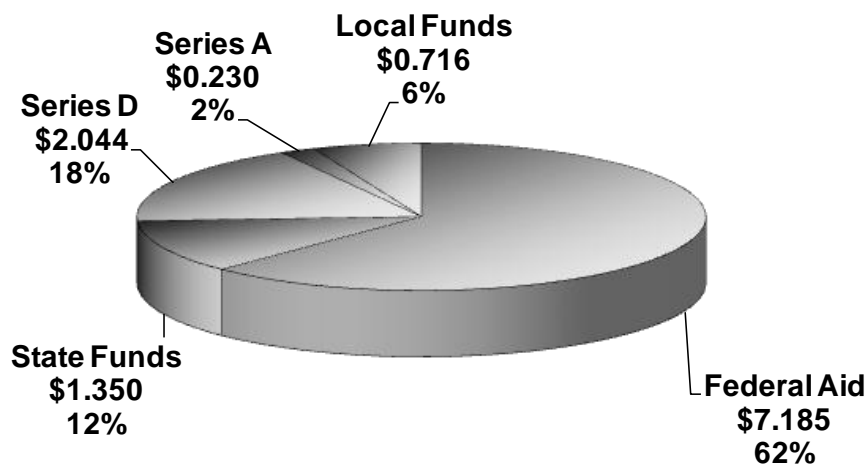

program are estimated since they are subject to annual Congressional budget approval. For planning purposes, each fiscal year component of this multi-year program assumes federal formula funding at anticipated allocations. Obligation authority ranging from 86 to 91 percent of federal allocations is assumed for program development. These assumptions provide a conservative projection of available funding. Actual obligation authority has historically been above 90 percent. The following table and chart summarize program funding for FY 2012-2017.

**FY 2012-2017 PROGRAM FUNDING
(\$Billions)**

<u>Fund Source</u>	<u>FY 2012</u>	<u>Total FY 2012-2017</u>	<u>Average Annual FY 2012-2017</u>
Federal Aid	1.311	7.185	1.198
State Funds	0.457	1.350	0.225
<i>Jump Start/Accelerated 1/</i>	0.230	0.230	0.038
<i>Illinois Jobs Now! 2/</i>	0.822	2.044	0.341
Local Funds	<u>0.132</u>	<u>0.716</u>	<u>0.119</u>
Total	2.952	11.525	1.921

Notes: 1/ Planned reappropriation of available Transportation Series A bonds.
2/ Planned reappropriation of available Transportation Series D bonds.

**FY 2012-2017 Program Fund Sources
\$ Billions**

Funding for State Projects

State funds for highway projects are primarily generated from motor fuel taxes, motor vehicle registration fees and bonds. The \$3.624 billion in state funds are utilized for a variety of purposes in program development. The \$8.315 billion state highway system program continues emphasis on maintaining the existing state road and bridge system while also providing significant funding for needed congestion mitigation and system expansion projects. The proposed six-year program will maintain 3,248 miles of highways and replace or rehabilitate 611 bridges. Anticipated accomplishments for the FY 2012-2017 program are summarized in the following table.

**FY 2012-2017 PROGRAM ACCOMPLISHMENTS
STATE HIGHWAY SYSTEM**

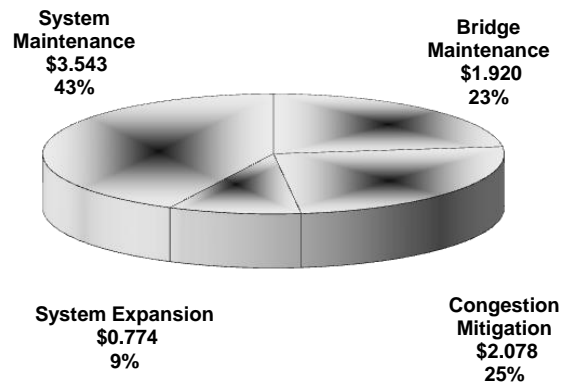

<u>System Maintenance</u>	
Interstate (miles)	477
Non-Interstate (miles)	2771
Safety Locations (number)	58
<u>Bridge Maintenance</u>	
Interstate (number)	160
Non-Interstate (number)	451
New Bridges (number)	43
Minor Structural Repairs (number)	483
<u>Congestion Mitigation</u>	
Roads (miles)	101
Traffic Improvements (number)	114
<u>System Expansion</u>	
Roads (miles)	39
Locations (number)	1

The FY 2012-2017 state program can be summarized by four major priorities:

- System Maintenance: \$3.543 billion is scheduled for reconstruction, resurfacing/widening and safety projects. This includes \$843 million for Interstate resurfacing projects and \$479 million for safety improvements.
- Bridge Maintenance: \$1.92 billion is scheduled to address bridge needs.
- Congestion Mitigation: \$2.078 billion is scheduled to address traffic congestion. This includes \$206 million for a new bridge over the Mississippi River near East St. Louis and connecting roadways.
- System Expansion: \$774 million is scheduled to build new roads to increase access and for economic development.

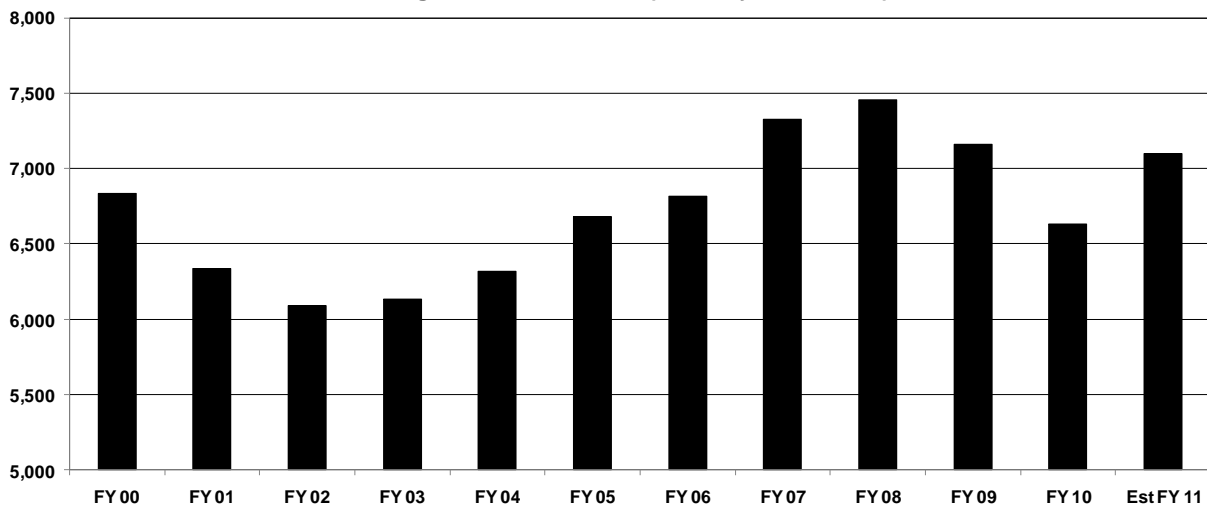

The distribution of these major priorities is shown in the following pie chart. About 66 percent of the state program is allocated to maintaining Illinois roads and bridges. The remaining 34 percent is for congestion mitigation and system expansion projects.

FY 2012-2017 State Program Distribution \$ Billions

The following bar chart shows a comparison of 6-year program mileage need from FY 2000 forward. The 6-year program mileage need is the sum of the expected backlog of miles that need improvement plus the mileage that is expected to deteriorate to backlog condition within the 6-year program timeframe. The immediate effects of ARRA and the *Jump Start/Accelerated Construction Program* are visible in FY's 2009 and 2010 and the re-initiation of roadway system deterioration is visible starting in FY 2011. Without the effects of ARRA and the *Jump Start/Accelerated Construction Program* beginning in FY 2009, the FY 2009 backlog and 6-year program need would have grown to nearly 7,900 miles.

Backlog and 6-Year Needs (State System Miles)

FY 2012-2017 Highway Improvement Program Summary by District

The table below shows the sum of the estimated project costs in each highway district, as well as the total for statewide projects. Funds for projects included in the local program are included in the totals. Since the local highway program is nominally a four-year listing of projects, remaining local funds for the last two years of the FY 2012-2017 Highway Improvement Program and for the local benefit grants are noted at the bottom of the table. Specific projects are not currently assigned to these funds.

SUMMARY OF PROJECT LISTINGS (\$ MILLIONS)

<u>District</u>	<u>State and Local Project Total</u>
1	4,345
2	842
3	633
4	645
5	357
6	649
7	553
8	1,191
9	535
Statewide	1,325
Additional Local Funds	<u>449</u>
Total	11,525

Major Project Highlights

The following major projects are tentatively scheduled during FY 2012-2017.

Northeastern Illinois

- **Interstate 55 (Stevenson Expressway) at Central Avenue (including ramps) in Cook County.** Bridge rehabilitation, interchange reconstruction, retaining wall, construction engineering and lighting are programmed during FY 2012-2017 at an estimated cost of \$44.7 million. Of this total, \$43.6 million is included in FY 2012. This project has been approved for *Illinois Major Bridge Program* funding.
- **Interstate 55 (Stevenson Expressway) from Interstate 94 (Dan Ryan Expressway) to US 41 (Lake Shore Drive) in Cook County.** Bridge rehabilitation, engineering for contract plans and construction engineering are programmed during FY 2013-2017 at an estimated cost of \$77 million.
- **Interstate 55 at Weber Road in Will County.** Interchange reconstruction, auxiliary lanes, reconstruction, and widening and resurfacing on 0.4 mile, engineering for contract plans, engineering for design, location and environmental studies, land acquisition and construction engineering are programmed during FY 2013-2017 at a cost of \$128.1 million.
- **Interstate 57 at Stuenkel Road in Will County.** Interchange construction, engineering for contract plans, land acquisition and construction engineering are programmed during

FY 2012-2017 at an estimated cost of \$44.5 million. Of this total, \$4.5 million is included in FY 2012 for engineering for contract plans and land acquisition. *Illinois Jobs Now!* project.

- **Interstate 80 from Grundy County Line to US 30 in Will County.** Engineering for design, location and environmental studies and engineering for contract plans for the reconstruction and additional lanes on the mainline pavement are programmed during FY 2012-2017 at an estimated cost of \$14.8 million. Of this total, \$2 million is included in FY 2012 for engineering for design, location and environmental studies. In addition, there is \$3.8 million programmed for construction engineering needed for the resurfacing projects which will be initiated this spring.
- **Interstate 94/US 41 from Wisconsin State Line to Illinois 173 in Lake County.** Additional lanes for 2.3 miles, interchange reconstruction, bridge replacement, engineering for contract plans, land acquisition and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$52.5 million. Of this total, \$10.6 million is included in FY 2012 for engineering for contract plans, land acquisition and bridge replacement at Russell Road. *Illinois Jobs Now!* project.
- **Interstate 94 (Bishop Ford Expressway) at the Stony Island Feeder in Cook County.** A new bridge deck, bridge replacement, bridge deck overlay, utility adjustments, and construction engineering are programmed during FY 2013-2017 at an estimated cost of \$34.1 million.
- **Interstate 190 (Kennedy Expressway) from Bessie Coleman Drive to Interstate 90 in Cook County.** Reconstruction and additional lanes for 2.1 miles are programmed during FY 2012-2017 at an estimated cost of \$50 million. There is an additional \$75 million of work identified under Balmoral Avenue Extension from Bessie Coleman Drive to west of the Wisconsin Central Railroad including pier relocation of the Automated Transit System bridge and 3.1 miles of additional lanes, lighting, utility adjustment and construction engineering on US 12/45 (Mannheim Road) from Illinois 72 (Higgins Road) to Illinois 19 (Irving Park Road). The work on the Balmoral Avenue Extension is included in FY 2012 at a cost of \$23 million. *Illinois Jobs Now!* project.
- **US 6/Illinois 7 (159th Street) from Will-Cook Road to west of US 45 (S LaGrange Road).** Additional lanes for nearly 3 miles, bridge replacement, land acquisition, engineering for contract plans and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$40.4 million. Of this total, \$5.4 million is included in FY 2012 for engineering for contract plans and land acquisition. *Illinois Jobs Now!* project.
- **US 14 from West Lake Shore Drive to Lucas Road.** Additional lanes for 2.6 miles, land acquisition and construction engineering are programmed during FY 2013-2017 at an estimated cost of \$31.4 million.
- **US 14 (Virginia Street) from Lucas Road to Crystal Lake Avenue and at Ridgefield Road (South Junction).** Additional lanes for 2.2 miles, land acquisition and construction engineering are programmed during FY 2013-2017 at an estimated cost of \$26.7 million.
- **US 20 (Lake Street) over McLean Boulevard.** Interchange reconstruction, bridge replacement, bridge widening, retaining wall, utility adjustments and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$45.9 million. Of this total, \$10.7 million is included in FY 2012 for bridge widening, retaining wall and construction engineering.
- **US 30 (Lincoln Highway) from Illinois 59 (Division Street) to north of Interstate 55.** Additional lanes and reconstruction on 2.3 miles, land acquisition, engineering for contract plans, construction engineering and utility adjustments are programmed during FY 2012-2017 at an estimated cost of \$45.1 million. Of this total, \$8 million is included in FY 2012 for engineering for contract plans and land acquisition. *Illinois Jobs Now!* project.
- **US 30 from west of Illinois 31 (West Lake Street) to east of BN Railroad.** Additional lanes for 0.2 mile, interchange reconstruction, bridge rehabilitation, traffic signal modernization,

construction engineering, lighting, a railroad flagger and utility adjustments are included in FY 2012 at an estimated cost of \$23.8 million. *Illinois Jobs Now!* project.

- **US 30 from Briarcliff Road to US 34.** Additional lanes for 2.7 miles, bridge replacement, noise barriers, construction engineering, lighting and utility adjustments are included in FY 2012 at an estimated cost of \$28.2 million. *Illinois Jobs Now!* project.
- **US 45 (LaGrange Rd) from 131st Street to 179th Street.** Additional lanes for 6 miles, railroad relocation, construction engineering and utility adjustments are programmed during FY 2012-2017 at an estimated cost of \$71.6 million. Of this total, \$70.6 million is included in FY 2012 for additional lanes for 6 miles, railroad relocation, construction engineering and utility adjustments. *Illinois Jobs Now!* project. *SAFETEA-LU* originally provided \$800,000 for this project.
- **Illinois 7 (159th Street) from Interstate 355 (Veterans Memorial Tollway) to Will-Cook Road.** Additional lanes for 5.2 miles, land acquisition, engineering for contract plans and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$82.7 million. Of this total, \$10 million is included in FY 2012 for engineering for contract plans and land acquisition. *Illinois Jobs Now!* project. *SAFETEA-LU* originally provided \$800,000 for this project.
- **Illinois 22 (Lake Zurich Road) from Quentin Road to west of Illinois 83 (Mundelein Road).** Additional lanes for 3.5 miles, engineering for contract plans, engineering for right-of-way, engineering for consultant plans and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$43.2 million. Of this total, \$200,000 is included in FY 2012 for engineering for right-of-way.
- **Illinois 38 (Roosevelt Road) at UP Railroad at Kautz Road.** Railroad grade separation, construction engineering, utility adjustments and a railroad flagger are programmed during FY 2012-2017 at an estimated cost of \$38.4 million. Of this total, \$36.4 million is included in FY 2012 for railroad grade separation, construction engineering, utility adjustments and a railroad flagger. *Illinois Jobs Now!* project.
- **Illinois 59 from Ferry Road to Aurora Avenue.** Additional lanes for 3.3 miles, retaining wall, a pump station, construction engineering, utility adjustments and tree removal are programmed during FY 2012-2017 at an estimated cost of \$97.2 million. Of this total, \$15.6 million is included in FY 2012 for advance work (a pump station, retaining wall, construction engineering, tree removal and utility adjustments). The remaining mainline work (additional lanes for 3.3 miles and construction engineering) will begin in FY 2013. *Illinois Jobs Now!* project.
- **Illinois 64 (North Avenue) from Kautz Road to Illinois 59 (Ingalt Road).** Additional lanes for 2.8 miles, bridge replacement, retaining wall, a railroad flagger and lighting are included in FY 2012 at an estimated cost of \$39.4 million.
- **Illinois 171 (First Avenue) from 47th Street to 55th Street Bridge Complex at Interstate 55.** Bridge rehabilitation, bridge widening, ramp modifications, auxiliary lanes, construction engineering, signing and lighting are programmed during FY 2013-2017 at an estimated cost of \$69.2 million.
- **Algonquin Bypass from Illinois 31 (North Junction) to Illinois 31 (South Junction).** New construction, new bridge, retaining wall, and utility adjustments are included in FY 2012 at an estimated cost of \$55.4 million. *Illinois Jobs Now!* project. *TEA-21* provided a total of \$9.2 million for this project.

- **Central Avenue from 63rd Street to 87th Street.** Corridor improvement, land acquisition, engineering for design, location and environmental studies, engineering for contract plans and engineering for consultant plans are programmed during FY 2012-2017 at an estimated cost of \$171.9 million. Of this total, \$61.5 million is included in FY 2012 for engineering for design, location and environmental studies, engineering for consultant plans and engineering for contract plans. *Illinois Jobs Now!* project. TEA-21 provided nearly \$3 million for this project. This project has also received \$3 million in *National Corridor Planning and Development* funds.
- **DesPlaines River Road from US 12 (Rand Road) to 0.4 mile north of Touhy Avenue.** Reconstruction on 2.7 miles, retaining wall, construction engineering, land acquisition, utility adjustments, engineering for right-of-way and a railroad flagger are programmed during FY 2012-2017 at an estimated cost of \$28.1 million. Of this total, \$100,000 is included in FY 2012 for engineering for right-of-way.
- **Elgin O'Hare Expressway from Interstate 290/Illinois 53 to O'Hare Ring Road and O'Hare Ring Road from Interstate 90 (Northwest Tollway) to Interstate 294 (Tri-State Tollway).** Engineering for design, location and environmental studies, engineering for contract plans, preliminary engineering project managers and land acquisition is programmed within FY 2012-2017 at an estimated cost of \$84.5 million. Of this total, \$12 million is included in FY 2012 for engineering for design, location and environmental studies, engineering for contract plans and preliminary engineering project managers. SAFETEA-LU originally provided a total of \$140 million for these projects. The Department will be engaged in significant community outreach and public involvement throughout the planning process to develop proposals in accordance with the Department's Context Sensitive Solutions policy.
- **Illiana Expressway from Interstate 55 to Interstate 65 in Indiana.** Engineering for design, location and environmental studies and preliminary engineering project managers are programmed in FY 2012-2017 at an estimated cost of \$40 million. Of this total, \$10 million is included in FY 2012 for engineering for design, location and environmental studies and preliminary engineering project managers.
- **Wacker Drive from Monroe Street to Van Buren Street.** Bridge rehabilitation and construction engineering are included in FY 2012 at an estimated cost of \$122 million. SAFETEA-LU originally provided a total of \$25 million for this project.
- **Wood Street from Little Calumet River to US 6.** Reconstruction on 3.5 miles, engineering for contract plans, land acquisition and construction engineering are programmed during FY 2013-2017 at an estimated cost of \$60.2 million. *Illinois Jobs Now!* project.

Downstate Illinois

- **Interstate 39/US 51 from Interstate 55 to the Woodford County line in McLean County.** Resurfacing and patching on 9.6 miles are programmed during FY 2013-2017 at a cost of \$12.4 million.
- **Interstate 55 from 0.8 mile north of Illinois 16 to 0.7 mile south of County Highway 17 at Farmerville in Montgomery County.** Resurfacing on 17.6 miles, bridge deck, bridge repair and rip rap are programmed during FY 2013-2017 at a cost of \$36 million.
- **Interstate 55 from 0.6 mile north of Illinois 10 to the McLean County line.** Resurfacing on 16.1 miles, patching, bridge deck repairs, bridge superstructure, new bridge decks, bridge joint repairs, waterproofing, bridge deck overlay and railroad flagger are programmed during FY 2012-2017 at a cost of \$54.1 million. Of this total, new bridge decks, bridge superstructure, joint repair, slopewall repair and railroad flagger from 0.6 mile north of Illinois 10 to 2.1 miles west of Interstate 55 Business north of Lincoln are programmed in FY 2012 at a cost of \$14.6 million.

- **Interstate 57 from 2.4 miles north of US 24 to 0.6 mile north of Illinois 116 in Iroquois County.** Resurfacing on 8 miles, bridge replacement and repair, a new bridge deck at Old US 45 and Illinois Central Railroad and miscellaneous work are programmed during FY 2013-2017 at a cost of \$26.5 million.
- **Interstate 57 from the Kankakee River Bridge to south of the Illinois 50 Interchange in Bourbonnais** Resurfacing on 3.9 miles, a bridge replacement and vertical realignment for 0.6 mile over the Kankakee River south of Illinois 17 at Kankakee, land acquisition and bridge replacement under North Street 2 miles north of Illinois 17 in Bradley and a new bridge deck and engineering for contract plans under Waldron Road at Kankakee are programmed during FY 2013-2017 at a cost of \$37.1 million.
- **Interstate 57 under 6000N Road 3.1 miles north of the Illinois 50 Interchange in Kankakee County.** A new interchange, bridge replacement and land acquisition are programmed during FY 2012-2017 at a cost of \$59.7 million. Of this total, land acquisition is programmed in FY 2012 at a cost of \$500,000.
- **Interstate 57 from south of Olympian Drive to 2 miles south of Thomasboro.** Rubblization and overlay on 5.2 miles are programmed during FY 2012-2017 at a cost of \$19.5 million. Of this total, rubblization and overlay on 5.2 miles of the southbound lanes are programmed in FY 2012 at a cost of \$10.5 million.
- **Interstate 57/US 51 from the Pulaski County line to 7.5 miles north in Union County.** Rubblization on 7.5 miles and bridge replacements at Township Road 277 and at Big Creek 2 miles north of Dongola are programmed during FY 2013-2017 at a cost of \$24.4 million.
- **Interstate 64 from 15th Street to 0.3 mile west of Illinois 157 in St. Clair County.** Resurfacing on 5 miles, bridge repair, new bridge deck, bridge deck overlays, and underdrains are programmed during FY 2012-2017 at a cost of \$29.9 million. Of this total, resurfacing on 1.8 miles, bridge repair, underdrains and bridge deck overlay from 0.7 mile east of Illinois 111 to 0.3 mile west of Illinois 157 are programmed in FY 2012 at a cost of \$12.5 million.
- **Interstate 70 over the Kaskaskia River 0.5 mile east of US 51 in Fayette County.** A bridge replacement is programmed during FY 2013-2017 at a cost of \$47.5 million. *This project has been approved for Illinois Major Bridge funding.*
- **Interstate 70/Interstate 57 from Fayette Avenue in Effingham to Interstate 57 northeast of Effingham.** Reconstruction and additional lanes for 4.1 miles, bridge widening, bridge replacement, seismic retrofit and a new bridge are programmed during FY 2012-2017 at a cost of \$95.6 million. Of this total, reconstruction and additional lanes on 2.4 miles and a new bridge from Fayette Avenue to 4th Street in Effingham are programmed in FY 2012 at a cost of \$35 million. *Illinois Jobs Now!* project.
- **Interstate 70 at Relocated Illinois 3 in St. Clair County.** Interchange construction, new bridge, retaining wall, land acquisition, utility adjustments and construction engineering are programmed in FY 2012 at a cost of \$53.5 million. *Illinois Jobs Now!* project.
- **Interstate 70/US 40 from 2.5 miles east of Interstate 55/270 Interchange to Bond County line in Madison County.** Resurfacing on 15.5 miles is programmed during FY 2013-2017 at a cost of \$33.6 million.
- **Interstate 74/Interstate 155 from Muller Road to east of Interstate 155 in Morton.** Interchange reconstruction, new bridges, construction engineering, utility adjustments and land acquisition are programmed during FY 2012-2017 at a cost of \$52.2 million. Of this total, utility adjustments and land acquisition are programmed in FY 2012 at a cost of \$1.5 million. *This project has been approved for Illinois Major Bridge Program funding.*

- **Interstate 74 from east of Interstate 155 to east of Morton Avenue in Morton.** Bridge replacements and removals, reconstruction and additional lanes for 1.7 miles, land acquisition and construction engineering are programmed during FY 2012-2017 at a cost of \$29.1 million. Of this total, land acquisition is programmed in FY 2012 at a cost of \$350,000.
- **Interstate 80 from 0.5 mile east of Interstate 74/Interstate 80 interchange to the Bureau County line in Henry County.** Resurfacing on 25.2 miles is programmed during FY 2013-2017 at a cost of \$30.1 million.
- **Interstate 80 from 1 mile west of Illinois 26 to 0.7 mile east of Interstate 180 in Bureau County.** Resurfacing on 5.1 miles, reconstruction and resurfacing on 1.1 miles, bridge superstructure, bridge replacement, bridge rehabilitation, land acquisition and miscellaneous work are programmed during FY 2012-2017 at a cost of \$23.9 million. Of this total, 1.1 miles of reconstruction and resurfacing from 0.3 mile west of US 34 to 0.9 mile east of US 34, bridge replacement and land acquisition over US 34 and bridge replacement and miscellaneous work at the Burlington Northern & Santa Fe Railroad are programmed in FY 2012 at a cost of \$13.9 million.
- **Interstate 90/Interstate 39/US 51 from the Wisconsin State line to Rockton Road in Winnebago County.** Additional lanes and reconstruction for 2.5 miles, bridge replacements and construction engineering are programmed in FY 2012 at a cost of \$50.2 million. *Illinois Jobs Now!* project.
- **Interstate 255 from 0.2 mile south of Lake Boulevard to Interstate 270 in St. Clair and Madison Counties.** Resurfacing on 12.8 miles, bridge repair, ramp repair and bridge joint repair over Interstate 64 are programmed during FY 2013-2017 at a cost of \$65 million.
- **Interstate 270 at the Chain of Rocks Canal in Madison County.** Bridge replacement, bridge rehabilitation, retaining wall and construction engineering are programmed in FY 2012 at a cost of \$103 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **Interstate 280 at the Mississippi River southwest of Rock Island in Rock Island County.** New bridge decks, bridge rehabilitations, bridge repair, and engineering for contract plans are programmed during FY 2012-2017 at a cost of \$27.3 million. Of this total, bridge repair is programmed in FY 2012 at a cost of \$300,000.
- **US 20 (Rockford Bypass) from Illinois 2 to 20th Street in Rockford.** Interchange reconstruction and land acquisition at Illinois 2, engineering for contract plans, bridge replacements, a median crossover and reconstruction on 0.3 mile at the west and east channel of the Rock River, engineering for contract plans, land acquisition and a bridge replacement at 20th Street are programmed during FY 2012-2017 at a cost of \$44.5 million. Of this total, engineering for contract plans for bridge replacement at the west and east channel of the Rock River is programmed in FY 2012 at a cost of \$860,000.
- **US 34 from west of Township Road 111 (1350E) west of Biggsville to Township Road 190 (1850E) east of Biggsville.** Additional lanes for 4.7 miles and two new bridges are programmed during FY 2013-2017 at a cost of \$59.3 million. *Illinois Jobs Now!* project.
- **US 45 from Illinois 37 south of Effingham to Bible Grove Road in Clay County.** Resurfacing on 11.4 miles, horizontal and vertical realignment, bridge work, a retaining wall and utility adjustments are programmed during FY 2013-2017 at a cost of \$16 million.
- **US 45 from 3 miles south of Illinois 141 at Texas City to Illinois 142 in Eldorado.** Reconstruction and additional lanes for 4.3 miles, utility adjustments, land acquisition, and construction engineering are programmed during FY 2012-2017 at a cost of \$30.3 million. Of this total, land acquisition is programmed in FY2012 at a cost of \$200,000. *Illinois Jobs Now!* project.

- **US 51 from 1.5 miles north of Assumption to 2.7 miles north of Illinois 16.** Continuation of utility adjustments from 1.5 miles north of Assumption to 1.4 miles south of Assumption; paving and grading for a 4-lane expressway for 4.3 miles, new bridges, a bridge widening, a new culvert, a culvert replacement, land acquisition and utility adjustments from 1.4 miles south of Assumption to 2.7 miles north of Illinois 16 are programmed during FY 2012-2017 at a cost of \$40.8 million. Of this total, land acquisition and utility adjustments are programmed in FY 2012 at a cost of \$1.8 million. *Illinois Jobs Now!* project.
- **US 52/Illinois 64 over the Mississippi River and the Burlington Northern Santa Fe Railroad in Savanna.** Bridge replacement, engineering for location, environmental and design studies, engineering for contract plans, construction engineering and land acquisition are programmed during FY 2012-2017 at a cost of \$73.1 million. Of this total, engineering for location, environmental and design studies is programmed in 2012 at a cost of \$3.7 million. Illinois is the lead agency for this project with Iowa sharing equally in the costs. *This project has been approved for Illinois Major Bridge Program funding.*
- **US 67/Illinois 104 from 2.2 miles east of Illinois 100 to 0.2 mile east of Concord/Arenzville Road (County Highway 7).** New construction for 6.4 miles of a 4-lane expressway and a new bridge, are programmed in FY 2012 at a cost of \$51.5 million. *Illinois Jobs Now!* project.
- **US 67 from Jerseyville to the Scott County line.** Engineering for contract plans and right-of-way plans, land acquisition, utility adjustments, construction of new bridges and culverts, a bridge replacement, grading and construction engineering are programmed during FY 2013-2017 at a cost of \$42.9 million. TEA-21 provided \$4.6 million and SAFETEA-LU provided \$7.2 million in HPP funds for this work.
- **Illinois 1 from the Crawford County line to the Wabash County line.** Resurfacing on 19.7 miles, a culvert replacement, a culvert repair, a bridge repair, a bridge replacement over the Embarras River, and utility adjustments are programmed during FY 2012-2017 at a cost of \$15.6 million. Of this total, utility adjustments are programmed in FY 2012 at a cost of \$100,000.
- **Illinois 2 (North Main Street) from Riverside Boulevard to Auburn Street in Rockford.** Reconstruction for 2 miles, land acquisition, utility adjustments, engineering for contract plans, construction engineering, railroad crossing improvement and a railroad flagger are programmed during FY 2012-2017 at a cost of \$39.3 million. Of this total, land acquisition at Auburn Street is programmed in FY 2012 at a cost of \$150,000. *Illinois Jobs Now!* project.
- **Illinois 3 Relocation from St. Clair Avenue to River Park Drive in St. Clair County.** New construction for 1.1 miles, grading, paving, drainage, two new bridges, land acquisition, utility adjustments, archaeological survey and construction engineering are programmed during FY 2012-2017 at a cost of \$45 million. Of this total, land acquisition, utility adjustments and an archaeological survey is programmed in FY 2012 at a cost of \$8 million. *Illinois Jobs Now!* project.
- **Illinois 5 (John Deere Road) from 16th Street to 0.3 mile east of 70th Street in Moline.** Additional lanes and reconstruction for 2.7 miles, a new bridge, intersection improvements, culvert replacements and extensions, utility adjustments, land acquisition and construction engineering from 0.4 mile west of 38th Street to 0.3 mile east of 70th Street, and land acquisition from 16th Street to 0.3 mile east of 70th Street are programmed during FY 2012-2017 at a cost of \$42 million. Of this total, land acquisition from 0.3 mile west of 53rd Street to 0.3 mile east of 70th Street is programmed in FY 2012 at a cost of \$1 million. *Illinois Jobs Now!* project.
- **Illinois 8 (East Washington Street) from Summit Drive to Legion Road in Washington.** Additional lanes and resurfacing for 1.2 miles, traffic signal replacement and construction engineering are programmed in FY 2012 at a cost of \$20.7 million. *Illinois Jobs Now!* project.
- **Illinois 13 from Division Street in Carterville to Briggs Road in Marion.** Additional lanes for 2.5 miles, a new interchange, new bridges, intersection reconstruction, demolition, land acquisition

and utility adjustments are programmed during FY 2012-2017 at a cost of \$41.3 million. Of this total, demolition, land acquisition and utility adjustments are programmed in FY 2012 at a cost of \$5.3 million. *Illinois Jobs Now!* project.

- **Illinois 13 from Skyline Drive to Walton Way in Marion.** New bridges, a culvert extension, a new culvert, a retaining wall, a railroad flagger, and new construction of 1 mile of frontage road are programmed in FY 2012 at a cost of \$44.8 million. *Illinois Jobs Now!* project.
- **Illinois 29 from 0.8 mile south of Berry to 1.2 miles south of Edinburg including a bypass east of Edinburg.** New construction for 6.3 miles of a 4-lane expressway, new culverts and utility adjustments are programmed during FY 2012-2017 at a cost of \$55.3 million. Of this total, utility adjustments are programmed in FY 2012 at a cost of \$3.6 million. SAFETEA-LU provided \$1.5 million in HPP funds for this work. *Illinois Jobs Now!* project.
- **Illinois 40 over the Rock River between Sterling and Rock Falls.** A bridge replacement and utility adjustments are programmed in FY 2012 at a cost of \$23.7 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **Illinois 47 (Bridge Street) from north of US 34 to Illinois 71 in Yorkville.** Additional lanes for 3 miles, bridge repairs, land acquisition, utility adjustments, railroad crossing improvement and construction engineering are programmed in FY 2012 at a cost of \$48.7 million. *Illinois Jobs Now!* project.
- **Illinois 71 from west of Illinois 47 to Orchard Road west of Oswego.** Engineering for contract plans and land acquisition from west of Illinois 47 to Orchard Road and reconstruction and additional lanes for 1.6 miles from west of Illinois 47 to east of Illinois 126 are programmed during FY 2013-2017 at a cost of \$19.8 million as an *Illinois Jobs Now!* project. In addition, utility adjustments and construction engineering from west of Illinois 47 to east of Illinois 126 are programmed during FY 2013-2017 at a cost of \$1.1 million.
- **Illinois 71 from Orchard Road to US 34 in Oswego.** Reconstruction and additional lanes for 2.2 miles, land acquisition, utility adjustments and construction engineering are programmed during FY 2012-2017 at a cost of \$26.1 million. Of this total, land acquisition is programmed in FY 2012 at a cost of \$700,000. *Illinois Jobs Now!* project.
- **Illinois 104 over the Illinois River at the west edge of Meredosia.** A bridge replacement, engineering for contract plans, land acquisition, utility adjustments and an archaeological survey are programmed during FY 2012-2017 at a cost of \$60 million. Of this total, engineering for contract plans is programmed in FY 2012 at a cost of \$2.8 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **Illinois 173 from Illinois 251 in Machesney Park to 0.6 mile east of Mitchell Road in Loves Park.** Additional lanes and resurfacing for 2.7 miles, turning lanes, signal improvements, utility adjustments, land acquisition, engineering for contract plans and construction engineering are programmed during FY 2012-2017 at a cost of \$34.9 million. Of this total, engineering for contract plans and land acquisition are programmed in FY 2012 at a cost of \$6.2 million. *Illinois Jobs Now!* project.
- **Macomb Bypass for US 67, US 136 and Illinois 336.** Land acquisition from north of Springlake Road north of Macomb to US 136 northeast of Macomb for the northeast Macomb Bypass are programmed during FY 2013-2017 at a cost of \$3.4 million. Grading and drainage work from US 136 west of Macomb to US 67 north of Macomb, new bridges at US 136 (Jackson Street), Adams Street, and County Highway 14, construction engineering, land acquisition, utility adjustments and archaeological survey for the northwest Macomb Bypass are programmed during FY 2012-2017 at a cost of \$55 million. Of this total, new bridges at US 136 (Jackson Street) and Adams Street, construction engineering, land acquisition, utility adjustments and archaeological survey are programmed in FY 2012 at a cost of \$19.6 million. *Illinois Jobs Now!* project.

- **New Mississippi River Bridge at East St. Louis, Illinois and St. Louis, Missouri.** Reconstruction, grading and paving of new ramps for 0.6 mile, ramp modifications, bridge removal, bridge replacement, bridge repair, new bridges, retaining walls, intersection reconstruction for 9th and 10th Streets, resurfacing and additional lanes for 1.1 miles, new signs and sign maintenance at the Interstate 55/64/70 Tri-level area; paving for 1.1 miles from Industrial Avenue to 1st Street, patching and resurfacing on 0.6 mile of Baugh/St. Clair Avenue, continuation of construction of the New Mississippi River Bridge, construction engineering, engineering for contract plans, engineering for subsurface utilities, archaeological survey, and utility adjustments are programmed during FY 2012-2017 at a cost of \$206.4 million. Of this total, reconstruction, grading and paving of new ramps for 0.6 mile, ramp modifications, bridge removal, bridge replacement, bridge repair, new bridges, retaining walls, new signs, intersection reconstruction for 9th and 10th Streets at the Interstate 55/64/70 Tri-level area; patching and resurfacing on 0.6 mile of Baugh/St. Clair Avenue, continuation of construction of the New Mississippi River Bridge, engineering for contract plans, construction engineering, engineering for subsurface utilities, archaeological survey, and utility adjustments are programmed in FY 2012 at a cost of \$174.1 million. SAFETEA-LU provided \$150 million in PNRS funds and \$14 million in TI funds for this project.

Funding for Locally Implemented Projects

The \$3.210 billion local program includes federal, state and local funds for highway improvements identified by local units of government. Included in this program is \$431 million in state funds over six years designed to address specific local needs. This includes \$131 million for a County Consolidated Program, \$24 million for High-Growth Cities, \$60 million for Needy Townships, \$90 million for the Township Bridge Program, \$42 million for upgrading local truck routes, \$24 million for state matching assistance and \$60 million to foster economic development. Most of these funds are appropriated separately from the highway improvement program and do not appear explicitly in this program.

Grouped Projects

Funds are set aside in the six-year program for specified projects and programs. They have been grouped into the following activity categories:

- **Safety Programs.** \$479 million for safety construction activities, including roadside safety improvements and rail-highway crossings. Projects are identified on an annual basis to correct severe accident locations and protect rail grade crossings. These funds are from the federal Highway Safety Improvement Program and may be used on state and local roads. These funds are able to be used in stand-alone projects or are used for safety features incorporated in department projects.
- **Enhancement Program.** The Illinois Transportation Enhancement Program (ITEP) is funded through the federal Surface Transportation Program. Under the SAFETEA-LU authorization the ITEP provided approximately \$180 million for transportation enhancement projects. Projects for the first round of funding under SAFETEA-LU were announced in June 2006. There were 107 projects selected totaling \$77 million (\$61.6 million federal). Sixty-eight (68) projects totaling \$26.7 million of ITEP funds to support over \$33 million worth of improvements were announced in December 2009. An additional 120 projects were announced in October of 2010 providing \$89 million of ITEP funds for over \$112 million worth of transportation enhancements. Project sponsors are required to keep projects on track toward implementation or risk loss of enhancement funds.
- **Congestion Mitigation/Air Quality (CMAQ) Program.** \$826 million is available exclusively for specific traffic congestion and mitigation and air quality projects in the northeastern Illinois and Metro-East areas in accordance with federal legislation. Eligible projects will be developed to contribute to air quality standards and can include traffic flow improvements, public transportation projects and non-motorized transportation projects. A substantial amount of these funds will be used for public transportation projects. Local metropolitan planning organizations will select projects. In addition to these projects, \$30 million is transferred from the Motor Fuel Tax Fund to the Vehicle

Inspection Fund. These funds are used to provide vehicle inspections in the Chicago and Metro-East non-attainment areas.

Major Bridge Program

IDOT's Illinois Major Bridge Program (IMBP) targets deficient highway bridge projects that exceed replacement or rehabilitation costs of \$10 million for state bridges and \$1 million for local bridges. The IMBP provides federal Highway Bridge Program funds for up to 80 percent of eligible project costs; a 20 percent non-federal match is required. The FY 2012-2017 IMBP identifies \$315 million of federal bridge funds for 32 local projects and 23 state projects.

For the Record

Each year IDOT prepares For the Record, a report of accomplishments that details the status of each project in the preceding annual highway improvement program. This report will be published in fall 2011, listing the accomplishments of the FY 2011 highway program.

Public Involvement

SAFETEA-LU requires states to provide expanded opportunities for the public to participate in all aspects of transportation decisions. Public involvement is an important component of all transportation system plans and programs. In Illinois, public input on transportation issues is sought and considered on a continuous and ongoing basis. The FY 2012-2017 Proposed Highway Improvement Program is the culmination of the programming process and builds on the public involvement efforts conducted by IDOT and local agencies throughout the process.

IDOT welcomes public comments regarding any state transportation issue and provides a public comment form with each highway improvement program. Comments are considered in determining future transportation plans and programs. The highway improvement program is distributed throughout the state and is available for review at district offices, through the Illinois Document Depository Libraries and in the Public Partners section of IDOT's internet website - www.dot.il.gov.

Public comments on the FY 2012-2017 program and input for future programs should be submitted to the Illinois Department of Transportation and are welcome at any time. Individual comments can be forwarded to the appropriate district offices at the addresses listed on the map included in this Executive Summary or to the Central Office in Springfield at the following address:

Illinois Department of Transportation
Office of Planning and Programming
Bureau of Statewide Program Planning
2300 South Dirksen Parkway, Room 307
Springfield, Illinois 62764

Individuals can also contact IDOT concerning planning, programming and public involvement issues at 1-800/493-3434. People who are hearing-impaired can use the Ameritech Illinois relay number 1-800/526-0844.

GUIDE TO LISTINGS

Projects on the state highway system identified for the FY 2012-2017 Proposed Highway Improvement Program are listed on the following pages. The lists are identified within IDOT's nine geographic highway districts. The map on page 21 shows individual highway district boundaries.

The following sequence is used within the district project listing:

Interstate marked routes in ascending numerical order

US marked routes in ascending numerical order

Illinois marked routes in ascending numerical order

Unmarked routes in alphabetical order by street name starting with numbered streets

The estimated cost of each project is shown. The actual cost of a project listed for FY 2012-2017 can vary depending on when it is implemented in the multi-year period.

The listing of projects is arranged in seven columns:

<u>Route Street Name</u>	<u>Location</u>	<u>Improvements</u>	<u>Est. Cost</u>	<u>County</u>	<u>MYP Years- Past</u>	<u>MYP Years- Current</u>
Identifies the marked route(s) and street name	Identifies project limits, length and location	Identifies type of improvement	Identifies the estimated project cost	Identifies county	Identifies the number of years a project has appeared in the multi-year program. FY 1999-2003 is year one	Identifies projects scheduled for FY 2012 and those scheduled for FY 2013-2017

Project Footnotes denote special fund sources, participation requirements, and other important, project-specific information.

GLOSSARY

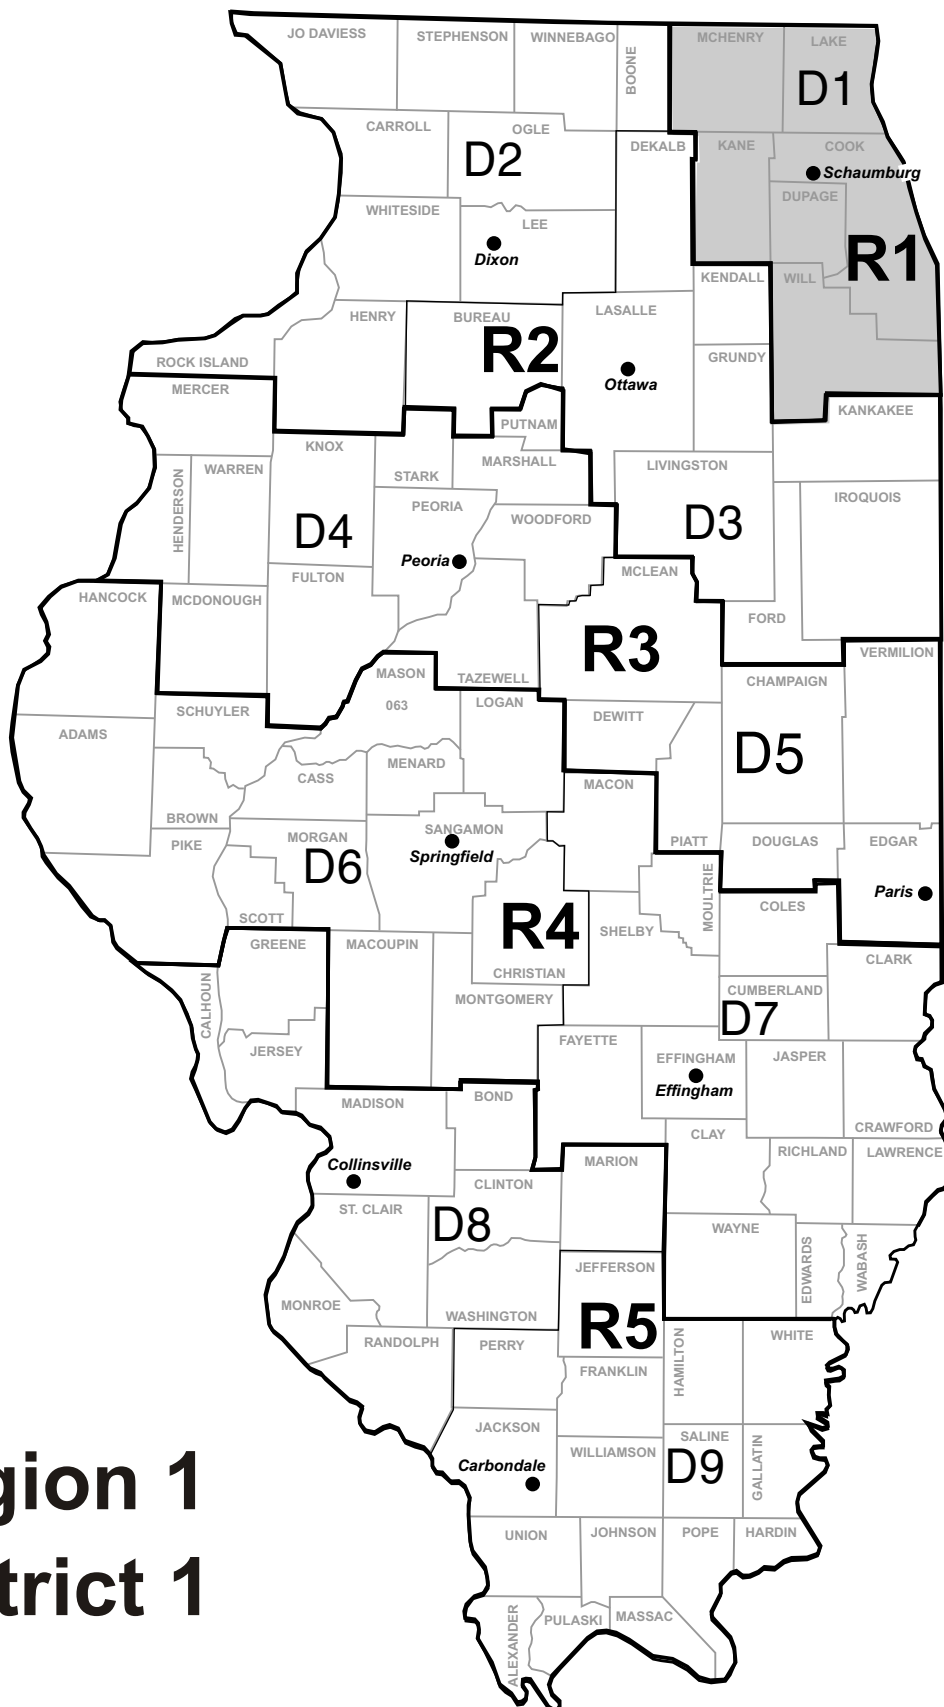

ACP	Accelerate Construction Program	IT	Interstate Transfer
ADA	Americans with Disabilities Act	JCT	Junction
AVE / AV	Avenue	LN	Lane
BI-DIRECT	Bi-Directional	METRA	Rail Transit System
BLDG	Building	MI	Mile(s)
BLVD	Boulevard	MO	Missouri
BUS / BUSN	Business Route	MRB	Mississippi River Bridge
BYP	Bypass	MT	Mount
CAA	Clean Air Act	MYP	Multi-Year Program
CC	Community College	N	North
CD	Collector-Distributor	NB	Northbound
CDOT	Chicago Department of Transportation	NCL	North Corporate Limit
CH	County Highway	NCIIP	National Corridor Infrastructure Improvement Program
CMAQ	Congestion Mitigation Air Quality	NE	Northeast
CO	County	NW	Northwest

Region 1

District 1

**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
REGION 1, DISTRICT 1, SCHAUMBURG**

Overview

Highway District 1 encompasses six counties in northeastern Illinois and includes the city of Chicago, suburban Cook County, and the five collar counties of DuPage, Kane, Lake, McHenry and Will. The state highway system in District 1 consists of 2,793 miles of highways and 1,422 bridges, supporting more than 80 million miles of travel daily.

State Program

The program for state and local highways will average \$1.92 billion annually for the FY 2012-2017 period. Approximately \$3.172 billion will be provided during FY 2012-2017 for improvements to state highways in District 1. The following table summarizes anticipated accomplishments on the state highway system in District 1 during this time frame.

FY 2012-2017 Accomplishments

<u>System Maintenance</u>	
Interstate (miles)	5
Non-Interstate (miles)	633
Safety Locations (number)	46
<u>Bridge Maintenance</u>	
Interstate (number)	46
Non-Interstate (number)	123
New Bridges (number)	6
Minor Structure Repair (number)	66
<u>Congestion Mitigation</u>	
Roads (miles)	60
Traffic Improvements (number)	82
<u>System Expansion</u>	
Roads (miles)	4
Locations (number)	1

Major projects of interest that are tentatively scheduled during the FY 2012-2017 time frame include:

Northeastern Illinois

- **Interstate 55 (Stevenson Expressway) at Central Avenue (including ramps) in Cook County.** Bridge rehabilitation, interchange reconstruction, retaining wall, construction engineering and lighting are programmed during FY 2012-2017 at an estimated cost of \$44.7 million. Of this total, \$43.6 million is included in FY 2012. This project has been approved for *Illinois Major Bridge Program* funding.
- **Interstate 55 (Stevenson Expressway) from Interstate 94 (Dan Ryan Expressway) to US 41 (Lake Shore Drive) in Cook County.** Bridge rehabilitation, engineering for contract plans and construction engineering are programmed during FY 2013-2017 at an estimated cost of \$77 million.
- **Interstate 55 at Weber Road in Will County.** Interchange reconstruction, auxiliary lanes, reconstruction, and widening and resurfacing on 0.4 mile, engineering for contract plans, engineering for design, location and environmental studies, land acquisition and construction engineering are programmed during FY 2013-2017 at a cost of \$128.1 million.

- **Interstate 57 over Interstate 294 (Tri-State Tollway) in Cook County.** New interchange and construction engineering are programmed during FY 2012-2017 at a cost of \$12.6 million. Of this total, \$815,000 is included in FY 2012 for construction engineering. *SAFETEA-LU* originally provided \$2.4 million for this project. The \$11.8 million is the remaining balance of IDOT's participation in the project.
- **Interstate 57 at Stuenkel Road in Will County.** Interchange construction, engineering for contract plans, land acquisition and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$44.5 million. Of this total, \$4.5 million is included in FY 2012 for engineering for contract plans and land acquisition. *Illinois Jobs Now!* project.
- **Interstate 80 from Grundy County Line to US 30 in Will County.** Engineering for design, location and environmental studies and engineering for contract plans for the reconstruction and additional lanes on the mainline pavement are programmed during FY 2012-2017 at an estimated cost of \$14.8 million. Of this total, \$2 million is included in FY 2012 for engineering for design, location and environmental studies. In addition, there is \$3.8 million programmed for construction engineering needed for the resurfacing projects which will be initiated this spring.
- **Interstate 90 (Kennedy Expressway) at Cumberland Avenue in Cook County.** Bridge replacement, intersection improvement, lighting, drainage improvements and construction engineering are programmed during FY 2013-2017 at an estimated cost of \$18.5 million. This project has been approved for *Illinois Major Bridge Program* funding.
- **Interstate 94/US 41 from Wisconsin State Line to Illinois 173 in Lake County.** Additional lanes for 2.3 miles, interchange reconstruction, bridge replacement, engineering for contract plans, land acquisition and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$52.5 million. Of this total, \$10.6 million is included in FY 2012 for engineering for contract plans, land acquisition and bridge replacement at Russell Road. *Illinois Jobs Now!* project.
- **Interstate 94 (Bishop Ford Expressway) at the Stony Island Feeder in Cook County.** A new bridge deck, bridge replacement, bridge deck overlay, utility adjustments, and construction engineering are programmed during FY 2013-2017 at an estimated cost of \$34.1 million.
- **Interstate 190 (Kennedy Expressway) from Bessie Coleman Drive to Interstate 90 in Cook County.** Reconstruction and additional lanes for 2.1 miles are programmed during FY 2012-2017 at an estimated cost of \$50 million. There is an additional \$75 million of work identified under Balmoral Avenue Extension from Bessie Coleman Drive to west of the Wisconsin Central Railroad including pier relocation of the Automated Transit System bridge and 3.1 miles of additional lanes, lighting, utility adjustment and construction engineering on US 12/45 (Mannheim Road) from Illinois 72 (Higgins Road) to Illinois 19 (Irving Park Road). The work on the Balmoral Avenue Extension is included in FY 2012 at a cost of \$23 million. *Illinois Jobs Now!* project.
- **US 6/Illinois 7 (159th Street) from Will-Cook Road to west of US 45 (S LaGrange Road).** Additional lanes for nearly 3 miles, bridge replacement, land acquisition, engineering for contract plans and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$40.4 million. Of this total, \$5.4 million is included in FY 2012 for engineering for contract plans and land acquisition. *Illinois Jobs Now!* project.
- **US 14 from West Lake Shore Drive to Lucas Road.** Additional lanes for 2.6 miles, land acquisition and construction engineering are programmed during FY 2013-2017 at an estimated cost of \$31.4 million.
- **US 14 (Virginia Street) from Lucas Road to Crystal Lake Avenue and at Ridgefield Road (South Junction).** Additional lanes for 2.2 miles, land acquisition and construction engineering are programmed during FY 2013-2017 at an estimated cost of \$26.7 million.

- **US 20 (Lake Street) at Illinois 59 (Sutton Road).** Ramp modifications, land acquisition, engineering for contract plans and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$14 million. Of this total, \$1 million is included in FY 2012 for engineering for contract plans. *Illinois Jobs Now!* project.
- **US 20 (Lake Street) over McLean Boulevard.** Interchange reconstruction, bridge replacement, bridge widening, retaining wall, utility adjustments and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$45.9 million. Of this total, \$10.7 million is included in FY 2012 for bridge widening, retaining wall and construction engineering.
- **US 30 (Lincoln Highway) at Canadian National Railroad north of Sauk Trail Road.** Railroad grade separation, engineering for contract plans, land acquisition and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$18.5 million. Of this total, \$2 million is included in FY 2012 for engineering for contract plans.
- **US 30 (Lincoln Highway) from Illinois 59 (Division Street) to north of Interstate 55.** Additional lanes and reconstruction on 2.3 miles, land acquisition, engineering for contract plans, construction engineering and utility adjustments are programmed during FY 2012-2017 at an estimated cost of \$45.1 million. Of this total, \$8 million is included in FY 2012 for engineering for contract plans and land acquisition. *Illinois Jobs Now!* project.
- **US 30 from west of Illinois 31 (West Lake Street) to east of BN Railroad.** Additional lanes for 0.2 mile, interchange reconstruction, bridge rehabilitation, traffic signal modernization, construction engineering, lighting, a railroad flagger and utility adjustments are included in FY 2012 at an estimated cost of \$23.8 million. *Illinois Jobs Now!* project.
- **US 30 from Briarcliff Road to US 34.** Additional lanes for 2.7 miles, bridge replacement, noise barriers, construction engineering, lighting and utility adjustments are included in FY 2012 at an estimated cost of \$28.2 million. *Illinois Jobs Now!* project.
- **US 34 (Ogden Avenue) at Canadian National Railroad.** Railroad grade separation, engineering for contract plans, land acquisition and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$26.3 million. Of this total, \$2 million is included in FY 2012 for engineering for contract plans.
- **US 45 (LaGrange Rd) from 131st Street to 179th Street.** Additional lanes for 6 miles, railroad relocation, construction engineering and utility adjustments are programmed during FY 2012-2017 at an estimated cost of \$71.6 million. Of this total, \$70.6 million is included in FY 2012 for additional lanes for 6 miles, railroad relocation, construction engineering and utility adjustments. *Illinois Jobs Now!* project. *SAFETEA-LU* originally provided \$800,000 for this project.
- **Illinois 7 (159th Street) from Interstate 355 (Veterans Memorial Tollway) to Will-Cook Road.** Additional lanes for 5.2 miles, land acquisition, engineering for contract plans and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$82.7 million. Of this total, \$10 million is included in FY 2012 for engineering for contract plans and land acquisition. *Illinois Jobs Now!* project. *SAFETEA-LU* originally provided \$800,000 for this project.
- **Illinois 22 (Lake Zurich Road) from Quentin Road to west of Illinois 83 (Mundelein Road).** Additional lanes for 3.5 miles, engineering for contract plans, engineering for right-of-way, engineering for consultant plans and construction engineering are programmed during FY 2012-2017 at an estimated cost of \$43.2 million. Of this total, \$200,000 is included in FY 2012 for engineering for right-of-way.
- **Illinois 31 at Illinois 176 (East Terra Cotta Avenue) and at Terra Cotta Road.** Intersection reconstruction and construction engineering are included in FY 2012 at an estimated cost of \$13.1 million.

- **Illinois 38 (Roosevelt Road) at UP Railroad at Kautz Road.** Railroad grade separation, construction engineering, utility adjustments and a railroad flagger are programmed during FY 2012-2017 at an estimated cost of \$38.4 million. Of this total, \$36.4 million is included in FY 2012 for railroad grade separation, construction engineering, utility adjustments and a railroad flagger. *Illinois Jobs Now!* project.
- **Illinois 47 at Interstate 90 (Northwest Tollway).** Interchange reconstruction is included in FY 2012 at an estimated cost of \$17.4 million.
- **Illinois 53 (Rohlwing Road) from Illinois 64 (North Avenue) to St. Charles Road.** Additional lanes for 1.1 mile, bridge replacement, bridge rehabilitation and engineering for contract plans are programmed during FY 2012-2017 at an estimated cost of \$17.3 million. Of this total, \$1 million is included in FY 2012 for engineering for contract plans.
- **Illinois 56 over Hanks Road (2.5 miles northeast of Illinois 47) and over Lake Run Creek (Benjamin Bridge, 2.0 miles east of Sugar Grove).** Replacement of two bridges, engineering for contract plans, land acquisition, utility adjustments and construction engineering are programmed during FY 2013-2017 at an estimated cost of \$11.2 million. This project has been approved for *Illinois Major Bridge Program* funding.
- **Illinois 59 from Ferry Road to Aurora Avenue.** Additional lanes for 3.3 miles, retaining wall, a pump station, construction engineering, utility adjustments and tree removal are programmed during FY 2012-2017 at an estimated cost of \$97.2 million. Of this total, \$15.6 million is included in FY 2012 for advance work (a pump station, retaining wall, construction engineering, tree removal and utility adjustments). The remaining mainline work (additional lanes for 3.3 miles and construction engineering) will begin in FY 2013. *Illinois Jobs Now!* project.
- **Illinois 62 (Algonquin Road) from Eastings Way to Penny Road.** Additional lanes and reconstruction on 1.2 miles, retaining wall, vertical realignment and construction engineering are included in FY 2012 at an estimated cost of \$15.4 million. *Illinois Jobs Now!* project.
- **Illinois 64 (North Avenue) from 7th Avenue to Kautz Road.** Reconstruction on 2.3 miles, widening and resurfacing, resurfacing, railroad crossing improvement, retaining wall, construction engineering and lighting are programmed within FY 2012-2017 at an estimated cost of \$14.5 million. Of this total, \$13.5 million is included within FY 2012 for reconstruction on 2.3 miles, widening and resurfacing, resurfacing, railroad crossing improvement, retaining wall, construction engineering and lighting.
- **Illinois 64 (North Avenue) from Kautz Road to Illinois 59 (Ingallton Road).** Additional lanes for 2.8 miles, bridge replacement, retaining wall, a railroad flagger and lighting are included in FY 2012 at an estimated cost of \$39.4 million.
- **Illinois 171 (First Avenue) from 47th Street to 55th Street Bridge Complex at Interstate 55.** Bridge rehabilitation, bridge widening, ramp modifications, auxiliary lanes, construction engineering, signing and lighting are programmed during FY 2013-2017 at an estimated cost of \$69.3 million.
- **Algonquin Bypass from Illinois 31 (North Junction) to Illinois 31 (South Junction).** New construction, new bridge, retaining wall, and utility adjustments are included in FY 2012 at an estimated cost of \$55.4 million. *Illinois Jobs Now!* project. *TEA-21* provided a total of \$9.2 million for this project.
- **Barrington Road at Interstate 90 (Jane Addams Memorial Tollway).** Interchange reconstruction is programmed during FY 2013-2017 at an estimated cost of \$16.5 million. *Illinois Jobs Now!* project.
- **Central Avenue from 63rd Street to 87th Street.** Corridor improvement, land acquisition, engineering for design, location and environmental studies, engineering for contract plans and engineering for consultant plans are programmed during FY 2012-2017 at an estimated cost of

\$171.9 million. Of this total, \$61.5 million is included in FY 2012 for engineering for design, location and environmental studies, engineering for consultant plans and engineering for contract plans. *Illinois Jobs Now!* project. *TEA-21* provided nearly \$3 million for this project. This project has also received \$3 million in *National Corridor Planning and Development* funds.

- **DesPlaines River Road from US 12 (Rand Road) to 0.4 mile north of Touhy Avenue.** Reconstruction on 2.7 miles, retaining wall, construction engineering, land acquisition, utility adjustments, engineering for right-of-way and a railroad flagger are programmed during FY 2012-2017 at an estimated cost of \$28.1 million. Of this total, \$100,000 is included in FY 2012 for engineering for right-of-way.
- **Elgin O'Hare Expressway from Interstate 290/Illinois 53 to O'Hare Ring Road and O'Hare Ring Road from Interstate 90 (Northwest Tollway) to Interstate 294 (Tri-State Tollway).** Engineering for design, location and environmental studies, engineering for contract plans, preliminary engineering project managers and land acquisition is programmed within FY 2012-2017 at an estimated cost of \$84.5 million. Of this total, \$12 million is included in FY 2012 for engineering for design, location and environmental studies, engineering for contract plans and preliminary engineering project managers. *SAFETEA-LU* originally provided a total of \$140 million for these projects. The Department will be engaged in significant community outreach and public involvement throughout the planning process to develop proposals in accordance with the Department's Context Sensitive Solutions policy.
- **Illiana Expressway from Interstate 55 to Interstate 65 in Indiana.** Engineering for design, location and environmental studies and preliminary engineering project managers are programmed in FY 2012-2017 at an estimated cost of \$40 million. Of this total, \$10 million is included in FY 2012 for engineering for design, location and environmental studies and preliminary engineering project managers.
- **Wacker Drive from Monroe Street to Van Buren Street.** Bridge rehabilitation and construction engineering are included in FY 2012 at an estimated cost of \$122 million. *SAFETEA-LU* originally provided a total of \$25 million for this project.
- **Wood Street from Little Calumet River to US 6.** Reconstruction on 3.5 miles, engineering for contract plans, land acquisition and construction engineering are programmed during FY 2013-2017 at an estimated cost of \$60.2 million. *Illinois Jobs Now!* project.

**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
REGION 2, DISTRICT 2, DIXON**

Overview

Highway District 2 encompasses 10 counties in northwestern Illinois and includes the cities of Rockford, Rock Island-Moline, Geneseo, Rochelle, Dixon, Freeport, Belvidere, Kewanee and Sterling-Rock Falls, plus many smaller communities which serve as satellites for the larger employment centers or as focal points of this farming area. The state highway system in District 2 consists of 1,614 miles of highways and 810 bridges, supporting 10.1 million vehicle miles of travel daily.

State Program

The program for state and local highways will average \$1.92 billion annually for the FY 2012-2017 period. Approximately \$705 million will be provided during FY 2012-2017 for improvements to state highways in District 2. The following table summarizes anticipated accomplishments on the state highway system in District 2 during this time frame.

FY 2012-2017 Accomplishments

<u>System Maintenance</u>	
Interstate (miles)	79
Non-Interstate (miles)	293
Safety Locations (number)	6
<u>Bridge Maintenance</u>	
Interstate (number)	14
Non-Interstate (number)	44
New Bridges (number)	1
Minor Structure Repair (number)	9
<u>Congestion Mitigation</u>	
Roads (miles)	9
Traffic Improvements (number)	8
<u>System Expansion</u>	
Roads (miles)	4
Locations (number)	0

Major projects of interest that are tentatively scheduled during the FY 2012-2017 time frame include:

- **Interstate 74/US 6 - Mississippi River Corridor in Rock Island County.** Engineering for contract plans is programmed in FY 2012 at a cost of \$9.4 million. SAFETEA-LU provided \$4.7 million in HPP funds, \$7.5 million in NCII funds, \$11.3 million in Bridge Set-Aside funds and \$3.5 million in TI funds. In addition, TEA-21 provided \$1.6 million in Highway Demonstration funds. Iowa is the lead agency for this project with Illinois sharing equally in the costs.
- **Interstate 74/Interstate 80/Interstate 280 from 1.3 miles east of the Rock Island County line to 0.5 mile east of the Interstate 74/Interstate 80 Interchange in Henry County.** Resurfacing and patching on 5.3 miles are programmed during FY 2013-2017 at a cost of \$4 million.
- **Interstate 80 from 0.8 mile north of Illinois 5/Illinois 92 in Rock Island County to the Henry County line.** Resurfacing on 2.5 miles, bridge replacements and reconstruction for new vertical alignment over the Burlington Northern Santa Fe Railroad and over Barstow Road south of Illinois 5 / Illinois 92 and engineering for contract plans are programmed during FY 2013-2017 at a cost of \$13.1 million.

- **Interstate 80 from 0.5 mile east of Interstate 74/Interstate 80 interchange to the Bureau County line in Henry County.** Resurfacing on 25.2 miles is programmed during FY 2013-2017 at a cost of \$30.1 million.
- **Interstate 90/Interstate 39/US 51 from the Wisconsin State line to Rockton Road in Winnebago County.** Additional lanes and reconstruction for 2.5 miles, bridge replacements and construction engineering are programmed in FY 2012 at a cost of \$50.2 million. *Illinois Jobs Now!* project.
- **Interstate 280 at the Mississippi River southwest of Rock Island in Rock Island County.** New bridge decks, bridge rehabilitations, bridge repair, and engineering for contract plans are programmed during FY 2012-2017 at a cost of \$27.3 million. Of this total, bridge repair is programmed in FY 2012 at a cost of \$300,000.
- **US 20/Illinois 84 from Gear Street to Main Street in Galena.** Reconstruction on 0.9 mile, storm sewer and drainage improvements, utility adjustments and land acquisition are programmed during FY 2012-2017 at a cost of \$7.4 million. Of this total, land acquisition is programmed in FY 2012 at a cost of \$1.2 million.
- **US 20 from Logemann Road east of Elizabeth to 0.2 mile west of Rush Street in Stockton.** Resurfacing on 3.7 miles, a bridge replacement, a detour, horizontal and vertical realignment, truck climbing lane, shoulder repair, a culvert replacement, land acquisition and utility adjustments are programmed during FY 2013-2017 at a cost of \$14.3 million.
- **US 20 (Freeport Bypass) from US 20 business west of Freeport to west of Illinois 26 in Stephenson County.** Additional lanes for 4 miles are programmed in FY 2012 at a cost of \$16.3 million. *Illinois Jobs Now!* project.
- **US 20 (Rockford Bypass) from Illinois 2 to 20th Street in Rockford.** Interchange reconstruction and land acquisition at Illinois 2, engineering for contract plans, bridge replacements, a median crossover and reconstruction on 0.3 mile at the west and east channel of the Rock River, engineering for contract plans, land acquisition and a bridge replacement at 20th Street are programmed during FY 2012-2017 at a cost of \$44.5 million. Of this total, engineering for contract plans for bridge replacement at the west and east channel of the Rock River is programmed in FY 2012 at a cost of \$860,000.
- **US 20 Business (West State Street) from Day Avenue to west of Kent Creek in Rockford.** Reconstruction on 1.4 miles, intersection improvements, traffic signal modernization, utility adjustments and associated work are programmed during FY 2012-2017 at a cost of \$21.4 million. Of this total, reconstruction on 0.8 mile, intersection improvements, traffic signal modernization, utility adjustments from Sunset Avenue to west of Kent Creek are programmed in FY 2012 at a cost of \$12 million. SAFETEA-LU provided \$6.6 million in HPP funds for this work.
- **US 52/Illinois 64 over the Mississippi River and the Burlington Northern Santa Fe Railroad in Savanna.** Bridge replacement, engineering for location, environmental and design studies, engineering for contract plans, construction engineering and land acquisition are programmed during FY 2012-2017 at a cost of \$73.1 million. Of this total, engineering for location, environmental and design studies is programmed in 2012 at a cost of \$3.7 million. Illinois is the lead agency for this project with Iowa sharing equally in the costs. *This project has been approved for Illinois Major Bridge Program funding.*
- **Illinois 2 (South Main Street) from north of Beltline Road to 0.4 mile north of Harrison Avenue southwest of Rockford.** Reconstruction for 2.2 miles, bi-directional left turn lane, curb and gutter, new storm sewer and utility adjustments are programmed in FY 2012 at a cost of \$13.8 million. *Illinois Jobs Now!* Project. SAFETEA-LU provided \$6.6 million in HPP funds for this work.

- **Illinois 2 (South Main Street) from south of Pond Street to Cedar Street southwest of Rockford.** Reconstruction on 1.6 miles, bi-directional left turn lane, curb and gutter, new storm sewer, utility adjustments, railroad crossing improvement and railroad flagger are programmed in FY 2012 at a cost of \$16.4 million. *Illinois Jobs Now!* project.
- **Illinois 2 (North Main Street) from Riverside Boulevard to Auburn Street in Rockford.** Reconstruction for 2 miles, land acquisition, utility adjustments, engineering for contract plans, construction engineering, railroad crossing improvement and a railroad flagger are programmed during FY 2012-2017 at a cost of \$39.3 million. Of this total, land acquisition at Auburn Street is programmed in FY 2012 at a cost of \$150,000. *Illinois Jobs Now!* project.
- **Illinois 5 (John Deere Road) from 16th Street to 0.3 mile east of 70th Street in Moline.** Additional lanes and reconstruction for 2.7 miles, a new bridge, intersection improvements, culvert replacements and extensions, utility adjustments, land acquisition and construction engineering from 0.4 mile west of 38th Street to 0.3 mile east of 70th Street, and land acquisition from 16th Street to 0.3 mile east of 70th Street are programmed during FY 2012-2017 at a cost of \$42 million. Of this total, land acquisition from 0.3 mile west of 53rd Street to 0.3 mile east of 70th Street is programmed in FY 2012 at a cost of \$1 million. *Illinois Jobs Now!* project.
- **Illinois 40 over the Rock River between Sterling and Rock Falls.** A bridge replacement and utility adjustments are programmed in FY 2012 at a cost of \$23.7 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **Illinois 75 (Blackhawk Boulevard) from the Rock River to Illinois 2 in Rockton.** Resurfacing on 1.4 miles, curb and gutter, new storm sewer, drainage work, a railroad flagger, utility adjustments and land acquisition are programmed during FY 2012-2017 at a cost of \$9.9 million. Of this total, land acquisition is programmed in FY 2012 at a cost of \$545,000.
- **Illinois 173 from Illinois 251 in Machesney Park to 0.6 mile east of Mitchell Road in Loves Park.** Additional lanes and resurfacing for 2.7 miles, turning lanes, signal improvements, utility adjustments, land acquisition, engineering for contract plans and construction engineering are programmed during FY 2012-2017 at a cost of \$34.9 million. Of this total, engineering for contract plans and land acquisition are programmed in FY 2012 at a cost of \$6.2 million. *Illinois Jobs Now!* project.
- **Illinois 251/Illinois 38 from the Winnebago County line to 0.2 mile south of Illinois 38 (east) in Rochelle.** Resurfacing on 14.5 miles from the Winnebago County line to 0.2 mile north of Flagg Road and reconstruction on 1 mile, a bi-directional left turn lane, curb and gutter, new storm sewer, a median barrier, a bikeway, utility adjustments and land acquisition from 0.3 mile north of Flagg Road to 0.2 mile south of Illinois 38 (east) in Rochelle are programmed during FY 2013-2017 at a cost of \$11.5 million.

**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
REGION 2, DISTRICT 3, OTTAWA**

Overview

Highway District 3 encompasses 9 counties in east central Illinois and includes the cities of DeKalb, Kankakee, LaSalle-Peru, Mendota, Morris, Oswego, Ottawa, Pontiac, Princeton, Streator and Watseka, plus many smaller communities which serve as satellites for the larger employment centers or as focal points of this farming area. The state highway system in District 3 consists of 1,702 miles of highways and 779 bridges, supporting 10.9 million vehicle miles of travel daily.

State Program

The program for state and local highways will average \$1.92 billion annually for the FY 2012-2017 period. Approximately \$506 million will be provided during FY 2012-2017 for improvements to state highways in District 3. The following table summarizes anticipated accomplishments on the state highway system in District 3 during this time frame.

FY 2012-2017 Accomplishments

<u>System Maintenance</u>	
Interstate (miles)	80
Non-Interstate (miles)	207
Safety Locations (number)	0
<u>Bridge Maintenance</u>	
Interstate (number)	32
Non-Interstate (number)	35
New Bridges (number)	0
Minor Structure Repair (number)	26
<u>Congestion Mitigation</u>	
Roads (miles)	10
Traffic Improvements (number)	3
<u>System Expansion</u>	
Roads (miles)	0
Locations (number)	0

Major projects of interest that are tentatively scheduled during the FY 2012-2017 time frame include:

- **Interstate 55 from 1.5 miles south of Illinois 17 to 1.2 miles north of Illinois 47 at Dwight in Livingston and Grundy Counties..** Resurfacing and patching on 6 miles, bridge repair, culvert repair and a new bridge deck are programmed during FY 2013-2017 at a cost of \$13.5 million.
- **Interstate 57 from 2.4 miles north of US 24 to 0.6 mile north of Illinois 116 in Iroquois County.** Resurfacing on 8 miles, bridge replacement and repair, a new bridge deck at Old US 45 and Illinois Central Railroad and miscellaneous work are programmed during FY 2013-2017 at a cost of \$26.5 million.
- **Interstate 57 from the Kankakee River Bridge to south of the Illinois 50 Interchange in Bourbonnais.** Resurfacing on 3.9 miles, a bridge replacement and vertical realignment for 0.6 mile over the Kankakee River south of Illinois 17 at Kankakee, land acquisition and bridge replacement under North Street 2 miles north of Illinois 17 in Bradley and a new bridge deck and engineering for contract plans under Waldron Road at Kankakee are programmed during FY 2013-2017 at a cost of \$37.1 million.

- **Interstate 57 under 6000N Road 3.1 miles north of the Illinois 50 Interchange in Kankakee County.** A new interchange, bridge replacement and land acquisition are programmed during FY 2012-2017 at a cost of \$59.7 million. Of this total, land acquisition is programmed in FY 2012 at a cost of \$500,000.
- **Interstate 80 from 1 mile west of Illinois 26 to 0.7 mile east of Interstate 180 in Bureau County.** Resurfacing on 5.1 miles, reconstruction and resurfacing on 1.1 miles, bridge superstructure, bridge replacement, bridge rehabilitation, land acquisition and miscellaneous work are programmed during FY 2012-2017 at a cost of \$23.9 million. Of this total, 1.1 miles of reconstruction and resurfacing from 0.3 mile west of US 34 to 0.9 mile east of US 34, bridge replacement and land acquisition over US 34 and bridge replacement and miscellaneous work at the Burlington Northern & Santa Fe Railroad are programmed in FY 2012 at a cost of \$13.9 million.
- **Interstate 80 from 2.1 miles east of Illinois 178 to west of the County Highway 15 Interchange north of Marseilles in LaSalle County.** Resurfacing on 13.2 miles and patching are programmed during FY 2012-2017 at a cost of \$27.3 million. Of this total, 4 miles of resurfacing and patching from the Fox River north of Ottawa to west of County Highway 15 interchange north of Marseilles are programmed in FY 2012 at a cost of \$8.1 million.
- **US 34 from west of Big Rock Creek in Plano to west of Eldamain Road in Kendall County.** Reconstruction and additional lanes for 2 miles, curb and gutter, storm sewer, bridge widening, retaining wall, utility adjustments, land acquisition and construction engineering are programmed in FY 2012 at a cost of \$27.7 million. SAFETEA-LU provided \$22 million in NCII funds for this work.
- **Illinois 26 from south of Red Covered Bridge Road to Interstate 80 in Bureau County.** Additional lanes for 0.7 mile, intersection reconstruction, curb and gutter, storm sewer and utility adjustments are programmed during FY 2013-2017 at a cost of \$3.4 million.
- **Illinois 47 (Bridge Street) from north of US 34 to Illinois 71 in Yorkville.** Additional lanes for 3 miles, bridge repairs, land acquisition, utility adjustments, railroad crossing improvement and construction engineering are programmed in FY 2012 at a cost of \$48.7 million. *Illinois Jobs Now!* project.
- **Illinois 71 from west of Illinois 47 to Orchard Road west of Oswego.** Engineering for contract plans and land acquisition from west of Illinois 47 to Orchard Road and reconstruction and additional lanes for 1.6 miles from west of Illinois 47 to east of Illinois 126 are programmed during FY 2013-2017 at a cost of \$19.8 million as an *Illinois Jobs Now!* project. In addition, utility adjustments and construction engineering from west of Illinois 47 to east of Illinois 126 are programmed during FY 2013-2017 at a cost of \$1.1 million.
- **Illinois 71 from Orchard Road to US 34 in Oswego.** Reconstruction and additional lanes for 2.2 miles, land acquisition, utility adjustments and construction engineering are programmed during FY 2012-2017 at a cost of \$26.1 million. Of this total, land acquisition is programmed in FY 2012 at a cost of \$700,000. *Illinois Jobs Now!* project.
- **Illinois 89 over the Illinois River at Spring Valley.** Bridge replacement, engineering for contract plans, land acquisition, utility adjustments and construction engineering are programmed during FY 2013-2017 at a cost of \$25.7 million. *This project has been approved for Illinois Major Bridge Program funding.*

**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
REGION 3, DISTRICT 4, PEORIA**

Overview

Highway District 4 encompasses 12 counties in west central Illinois and includes the cities of Peoria, Canton, Chillicothe, Galesburg, Macomb, Monmouth and Pekin, plus many smaller communities which serve as satellites for the larger employment areas or as focal points of this farming area. The state highway system in District 4 consists of 1,631 miles of highways and 683 bridges, supporting 9.2 million vehicle miles of travel daily.

State Program

The program for state and local highways will average \$1.92 billion annually for the FY 2012-2017 period. Approximately \$524 million will be provided during FY 2012-2017 for improvements to state highways in District 4. The following table summarizes anticipated accomplishments on the state highway system in District 4 during this time frame.

FY 2012-2017 Accomplishments

<u>System Maintenance</u>	
Interstate (miles)	44
Non-Interstate (miles)	134
Safety Locations (number)	3
<u>Bridge Maintenance</u>	
Interstate (number)	13
Non-Interstate (number)	53
New Bridges (number)	7
Minor Structure Repair (number)	1
<u>Congestion Mitigation</u>	
Roads (miles)	2
Traffic Improvements (miles)	2
<u>System Expansion</u>	
Roads (miles)	6
Locations (number)	0

Major projects of interest that are tentatively scheduled during the FY 2012-2017 time frame include:

- **Interstate 74 from Spoon River to east of Illinois 78 in Knox and Peoria Counties.** Resurfacing on 9 miles and construction engineering are programmed during FY 2013-2017 at a cost of \$13.6 million.
- **Interstate 74/Interstate 155 from Muller Road to east of Interstate 155 in Morton.** Interchange reconstruction, new bridges, construction engineering, utility adjustments and land acquisition are programmed during FY 2012-2017 at a cost of \$52.2 million. Of this total, utility adjustments and land acquisition are programmed in FY 2012 at a cost of \$1.5 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **Interstate 74 from east of Interstate 155 to east of Morton Avenue in Morton.** Bridge replacements and removals, reconstruction and additional lanes for 1.7 miles, land acquisition and construction engineering are programmed during FY 2012-2017 at a cost of \$29.1 million. Of this total, land acquisition is programmed in FY 2012 at a cost of \$350,000.
- **Interstate 155 from Feather Road to south of Birchwood Avenue in Morton.** Resurfacing and cold milling on 13.9 miles are programmed in FY 2012 at a cost of \$18.7 million.

- **Interstate 474 at the Illinois River in Peoria County.** Bridge painting, engineering for location, environmental and design studies, engineering for contract plans and construction engineering are programmed during FY 2013-2017 at a cost of \$16.9 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **US 24/Illinois 29 (Adams, Jefferson and Washington Streets) from US 150 to Interstate 474 in Peoria.** Engineering for location, environmental and design studies and corridor improvements for 8.6 miles are programmed during FY 2012-2017 at a cost of \$9.7 million. Of this total, engineering for location, environmental and design studies and corridor improvements are programmed in FY 2012 at a cost of \$2 million.
- **US 34 from west of Township Road 111 (1350E) west of Biggsville to Township Road 190 (1850E) east of Biggsville.** Additional lanes for 4.7 miles and two new bridges are programmed during FY 2013-2017 at a cost of \$59.3 million. *Illinois Jobs Now!* project.
- **US 67 from US 136 northeast of Macomb to Illinois 101 in McDonough and Schuyler Counties.** An archaeological survey from US 136 northeast of Macomb to Illinois 101 are programmed during FY 2013-2017 at a cost of \$750,000. SAFETEA-LU provided \$1.6 million in HPP funds for this corridor.
- **Illinois 6 from 0.7 mile north of Hoerr's Pond to north of US 150 in Peoria County.** Resurfacing, patching and shoulder repair on 2.4 miles are programmed in FY 2012 at a cost of \$3.5 million.
- **Illinois 8/Illinois 29/Illinois 116 (Cedar Street) over the Illinois River and Tazewell and Peoria Railroad Incorporated in Peoria and East Peoria.** Bridge rehabilitation, construction engineering, railroad flagger, engineering for contract plans and land acquisition are programmed during FY 2013-2017 at a cost of \$12.1 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **Illinois 8 (East Washington Street) from Summit Drive to Legion Road in Washington.** Additional lanes and resurfacing for 1.2 miles, traffic signal replacement and construction engineering are programmed in FY 2012 at a cost of \$20.7 million. *Illinois Jobs Now!* project.
- **Illinois 17 over the Edwards River 4.6 miles west of Joy.** A bridge replacement, scour mitigation, land acquisition, utility adjustments and construction engineering are programmed during FY 2013-2017 at a cost of \$7.4 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **Illinois 17/91 over the Spoon River 0.6 mile west of Wyoming.** A bridge replacement is programmed during FY 2013-2017 at a cost of \$2.7 million.
- **Illinois 89 over the Burlington Northern Santa Fe Railroad and Crow Creek 4.8 miles south of Illinois 17 in Marshall County.** A bridge replacement, bridge approach roadway, railroad flagger, construction engineering, land acquisition and utility adjustments are programmed during FY 2013-2017 at a cost of \$5 million.
- **Illinois 91 from north of Dunlap to Legion Hall Road in Dunlap.** Bi-directional left turn lane and resurfacing for 1.1 miles, curb and gutter, new storm sewer, land acquisition and utility adjustments are programmed during FY 2013-2017 at a cost of \$5.5 million.
- **Illinois 97 over Spoon River 1 mile southeast of Maquon.** A bridge replacement, land acquisition, utility adjustments and construction engineering are programmed during FY 2013-2017 at a cost of \$11 million. *This project has been approved for Illinois Major Bridge Program funding.*

- **Illinois 336 - Macomb to Peoria Corridor.** Engineering for location, environmental and design studies began in the fall of 2002 and is scheduled for completion in the spring of 2011 with an approved final Environmental Impact Statement and Record of Decision. Engineering for contract plans from west of Hanna City to Interstate 474 is programmed during FY 2013-2017 at a cost of \$2.1 million. SAFETEA-LU provided \$5.2 million in HPP funds and \$2 million in TI funds for this Corridor.
- **Allen Road from Townline Road to 0.1 mile south of Wilhelm Road north of Peoria.** Bridge widening at Illinois 6, resurfacing and additional lanes for 1.3 miles, intersection reconstruction at Alta Road and at Alta Lane, traffic signal installation, a new culvert to accommodate a crossing for the Rock Island Trail, land acquisition and utility adjustments at Alta Road are programmed during FY 2012-2017 at a cost of \$21.1 million. Of this total, land acquisition is programmed in FY 2012 at a cost of \$980,000.
- **Farmington Road over Kickapoo Creek and at Kickapoo Creek Road west of Peoria.** A bridge replacement, bridge approach roadway, horizontal realignment for 0.5 mile, intersection reconstruction and land acquisition are programmed during FY 2013-2017 at a cost of \$8.9 million.
- **Macomb Bypass for US 67, US 136 and Illinois 336.** Land acquisition from north of Springlake Road north of Macomb to US 136 northeast of Macomb for the northeast Macomb Bypass are programmed during FY 2013-2017 at a cost of \$3.4 million. Grading and drainage work from US 136 west of Macomb to US 67 north of Macomb, new bridges at US 136 (Jackson Street), Adams Street, and County Highway 14, construction engineering, land acquisition, utility adjustments and archaeological survey for the northwest Macomb Bypass are programmed during FY 2012-2017 at a cost of \$55 million. Of this total, new bridges at US 136 (Jackson Street) and Adams Street, construction engineering, land acquisition, utility adjustments and an archaeological survey are programmed in FY 2012 at a cost of \$19.6 million. *Illinois Jobs Now!* project.

Region 3

District 5

**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
REGION 3, DISTRICT 5, PARIS**

Overview

Highway District 5 encompasses 7 counties in eastern Illinois and includes the cities of Bloomington-Normal, Champaign-Urbana, Clinton, Danville and Tuscola, plus many smaller communities which serve as satellites for the larger employment areas or as focal points of this farming area. The state highway system in District 5 consists of 1,325 miles of highways and 670 bridges, supporting 9.3 million vehicle miles of travel daily.

State Program

The program for state and local highways will average \$1.92 billion annually for the FY 2012-2017 period. Approximately \$243 million will be provided during FY 2012-2017 for improvements to state highways in District 5. The following table summarizes anticipated accomplishments on the state highway system in District 5 during this time frame.

FY 2012-2017 Accomplishments

<u>System Maintenance</u>	
Interstate (miles)	62
Non-Interstate (miles)	167
Safety Locations (number)	1
<u>Bridge Maintenance</u>	
Interstate (number)	14
Non-Interstate (number)	24
New Bridges (number)	0
Minor Structure Repair (number)	8
<u>Congestion Mitigation</u>	
Roads (miles)	1
Traffic Improvements (number)	0
<u>System Expansion</u>	
Roads (miles)	2
Locations (number)	0

Major projects of interest that are tentatively scheduled during the FY 2012-2017 time frame include:

- **Interstate 39/US 51 from Interstate 55 to the Woodford County line in McLean County.** Resurfacing and patching on 9.6 miles are programmed during FY 2013-2017 at a cost of \$12.4 million.
- **Interstate 57 at Curtis Road southwest of Champaign.** A pedestrian overpass is programmed during FY 2013-2017 at a cost of \$1.3 million. This project is contingent upon local agencies constructing a bike path.
- **Interstate 57 from south of Olympian Drive to 2 miles south of Thomasboro.** Rubblization and overlay on 5.2 miles are programmed during FY 2012-2017 at a cost of \$19.5 million. Of this total, rubblization and overlay on 5.2 miles of the southbound lanes are programmed in FY 2012 at a cost of \$10.5 million.
- **Interstate 74/US 51 at Interstate 55 Business Loop over Interstate 74 southwest of Bloomington in McLean County.** Bridge replacement is programmed during FY 2013-2017 at a cost of \$12.2 million.

- **Interstate 74 from 0.5 mile west of Illinois 47 in Mahomet to 0.5 mile west of Interstate 57 in Champaign County.** Resurfacing and safety improvements on 7.2 miles and bridge replacement under County Highway 50 east of Mahomet are programmed during FY 2013-2017 at a cost of \$12.4 million.
- **Interstate 74 from University Avenue in Urbana to east of US 150 west of Danville in Champaign and Vermilion Counties.** Resurfacing on 24.4 miles and bridge raising and replacement 2 miles west of St Joseph are programmed during FY 2013-2017 at a cost of \$32.3 million.
- **US 45 from north corporate limits of Tolono to the Coles County line.** Resurfacing on 24.8 miles is programmed during FY 2013-2017 at a cost of \$6.3 million.
- **US 136 (Main Street) from National Street in Danville to the Indiana State line.** Widening and resurfacing on 0.8 mile, a bi-directional left turn lane, curb and gutter and utility adjustments from National Street to Kansas Avenue in Danville, resurfacing on 2.5 miles and a railroad flagger from Kansas Avenue in Danville to the Indiana State line are programmed during FY 2013-2017 at a cost of \$8.4 million.
- **US 150 from Illinois 130 (south) in Urbana to Elm Street in St. Joseph.** Resurfacing and new shoulders on 6.2 miles, land acquisition and utility adjustments are programmed during FY 2012-2017 at a cost of \$7.1 million. Of this total, land acquisition and utility adjustments are programmed in FY 2012 at a cost of \$535,000.
- **Illinois 9 from Arrowsmith Road to the Ford County line.** Resurfacing on 10.1 miles is programmed during FY 2013-2017 at a cost of \$4 million.
- **Illinois 47 from the Ford County line to Interstate 74 at Mahomet.** Resurfacing, shoulder repair and a guardrail on 6 miles from the Ford County line to US 136 and resurfacing and new shoulders on 8.5 miles, culvert replacements, intersection improvement, land acquisition and utility adjustments from US 136 to Interstate 74 at Mahomet are programmed during FY 2012-2017 at a cost of \$10.4 million. Of this total, resurfacing on 6 miles from the Ford County line to US 136 is programmed in FY 2012 at a cost of \$2.2 million.

Region 4

District 6

**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
REGION 4, DISTRICT 6, SPRINGFIELD**

Overview

Highway District 6 encompasses 15 counties in west central Illinois and includes the cities of Springfield, Quincy, Jacksonville, Lincoln and Taylorville, plus many smaller communities which serve as satellites for the larger employment areas or as focal points of this farming area. The state highway system in District 6 consists of 2,079 miles of highways and 842 bridges, supporting 10.2 million vehicle miles of travel daily.

State Program

The program for state and local highways will average \$1.92 billion annually for the FY 2012-2017 period. Approximately \$533 million will be provided during FY 2012-2017 for improvements to state highways in District 6. The following table summarizes anticipated accomplishments on the state highway system in District 6 during this time frame.

FY 2012-2017 Accomplishments

<u>System Maintenance</u>	
Interstate (miles)	38
Non-Interstate (miles)	337
Safety Locations (number)	1
<u>Bridge Maintenance</u>	
Interstate (number)	6
Non-Interstate (number)	44
New Bridges (number)	4
Minor Structure Repair (number)	21
<u>Congestion Mitigation</u>	
Roads (miles)	1
Traffic Improvements (number)	8
<u>System Expansion</u>	
Roads (miles)	20
Locations (number)	0

Major projects of interest that are tentatively scheduled during the FY 2012-2017 time frame include:

- **Interstate 55 from 0.8 mile north of Illinois 16 to 0.7 mile south of County Highway 17 at Farmerville in Montgomery County.** Resurfacing on 17.6 miles, bridge deck, bridge repair and rip rap are programmed during FY 2013-2017 at a cost of \$36 million.
- **Interstate 55 from 0.6 mile north of Illinois 10 to the McLean County line.** Resurfacing on 16.1 miles, patching, bridge deck repairs, bridge superstructure, new bridge decks, bridge joint repairs, waterproofing, bridge deck overlay and railroad flagger are programmed during FY 2012-2017 at a cost of \$54.1 million. Of this total, new bridge decks, bridge superstructure, joint repair, slopewall repair and railroad flagger from 0.6 mile north of Illinois 10 to 2.1 miles west of Interstate 55 Business north of Lincoln are programmed in FY 2012 at a cost of \$14.6 million.
- **Interstate 55 Business over Salt Creek 0.3 mile southwest of Lincoln.** A new bridge, a bridge replacement and vertical realignment are programmed during FY 2013-2017 at a cost of \$12 million. *This project has been approved for Illinois Major Bridge Program funding.*

- **US 51 from 1.5 miles north of Assumption to 2.7 miles north of Illinois 16.** Continuation of utility adjustments from 1.5 miles north of Assumption to 1.4 miles south of Assumption; paving and grading for a 4-lane expressway for 4.3 miles, new bridges, a bridge widening, a new culvert, a culvert replacement, land acquisition and utility adjustments from 1.4 miles south of Assumption to 2.7 miles north of Illinois 16 are programmed during FY 2012-2017 at a cost of \$40.8 million. Of this total, land acquisition and utility adjustments are programmed in FY 2012 at a cost of \$1.8 million. *Illinois Jobs Now!* project.
- **US 67/Illinois 104 from 2.2 miles east of Illinois 100 to 0.2 mile east of Concord/Arenzville Road (County Highway 7).** New construction for 6.4 miles of a 4-lane expressway and a new bridge are programmed in FY 2012 at a cost of \$51.5 million. *Illinois Jobs Now!* project.
- **Illinois 16 from the Jersey County Line to Illinois 159 in Macoupin County.** Resurfacing on 10.4 miles, bridge replacements, culvert replacements, and a culvert extension are programmed during FY 2013-2017 at a cost of \$8.8 million.
- **Illinois 29 (Dirksen Parkway) from north of Ridge Avenue to north of Clear Lake Avenue in Springfield.** Additional lanes, a bi-directional left turn lane, and resurfacing on 1 mile, curb and gutter, sidewalks, land acquisition and utility adjustments are programmed during FY 2012-2017 at a cost of \$10 million. Of this total, land acquisition is programmed in FY 2012 at a cost of \$2.5 million.
- **Illinois 29 from 0.8 mile south of Berry to 1.2 miles south of Edinburg including a bypass east of Edinburg.** New construction for 6.3 miles of a 4-lane expressway, new culverts and utility adjustments are programmed during FY 2012-2017 at a cost of \$55.3 million. Of this total, utility adjustments are programmed in FY 2012 at a cost of \$3.6 million. SAFETEA-LU provided \$1.5 million in HPP funds for this work. *Illinois Jobs Now!* project.
- **Illinois 104 over the Illinois River at the west edge of Meredosia.** A bridge replacement, resurfacing on 5 miles, engineering for contract plans, land acquisition, utility adjustments and an archaeological survey are programmed during FY 2012-2017 at a cost of \$61.5 million. Of this total, engineering for contract plans is programmed in FY 2012 at a cost of \$2.8 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **Illinois 125 from the east corporate limits of Pleasant Plains to Illinois 97.** Resurfacing on 6.7 miles, shoulder reconstruction, milled rumble strip, land acquisition and utility adjustments are programmed during FY 2013-2017 at a cost of \$6.3 million.
- **Wabash Avenue from Moffet Street in Curran to Koke Mill Road in Springfield.** Additional lanes for 2.7 miles, a retaining wall, land acquisition, and utility adjustments are programmed during FY 2012-2017 at a cost of \$22 million. Of this total, land acquisition is programmed in FY 2012 at a cost of \$4 million. *Illinois Jobs Now!* project.

Region 4 District 7

**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
REGION 4, DISTRICT 7, EFFINGHAM**

Overview

Highway District 7 encompasses 16 counties in southeastern Illinois and includes the cities of Decatur, Charleston, Mattoon, Effingham, Sullivan and Vandalia, plus many smaller communities which serve as satellites for the larger employment areas or as focal points of this farming area. The state highway system in District 7 consists of 1,636 miles of highways and 774 bridges, supporting 8.7 million vehicle miles of travel daily.

State Program

The program for state and local highways will average \$1.92 billion annually for the FY 2012-2017 period. Approximately \$418 million will be provided during FY 2012-2017 for improvements to state highways in District 7. The following table summarizes anticipated accomplishments on the state highway system in District 7 during this time frame.

FY 2012-2017 Accomplishments

<u>System Maintenance</u>	
Interstate (miles)	39
Non-Interstate (miles)	244
Safety Locations (number)	0
<u>Bridge Maintenance</u>	
Interstate (number)	14
Non-Interstate (number)	35
New Bridges (number)	1
Minor Structure Repair (number)	11
<u>Congestion Mitigation</u>	
Roads (miles)	4
Traffic Improvements (number)	0
<u>System Expansion</u>	
Roads (miles)	0
Locations (number)	0

Major projects of interest that are tentatively scheduled during the FY 2012-2017 time frame include:

- **Interstate 57 from the Effingham County line to US 45 at Neoga in Shelby and Cumberland Counties.** Resurfacing on 8.6 miles is programmed in FY 2012 at a cost of \$14 million.
- **Interstate 57 from the Cumberland County line to 0.5 mile west of US 45 at Mattoon.** Resurfacing on 3.7 miles is programmed during FY 2013-2017 at a cost of \$6.7 million.
- **Interstate 70 over the Kaskaskia River 0.5 mile east of US 51 in Fayette County.** A bridge replacement is programmed during FY 2013-2017 at a cost of \$47.5 million. *This project has been approved for Illinois Major Bridge funding.*
- **Interstate 70 from 1 mile west of US 40 at Brownstown to 2 miles west of St. Elmo in Fayette County.** Resurfacing on 7.4 miles is programmed during FY 2013-2017 at a cost of \$12.6 million.

- **Interstate 70/Interstate 57 from Fayette Avenue in Effingham to Interstate 57 northeast of Effingham.** Reconstruction and additional lanes for 4.1 miles, bridge widening, bridge replacement, seismic retrofit and a new bridge are programmed during FY 2012-2017 at a cost of \$95.6 million. Of this total, reconstruction and additional lanes on 2.4 miles and a new bridge from Fayette Avenue to 4th Street in Effingham are programmed in FY 2012 at a cost of \$35 million. *Illinois Jobs Now!* project.
- **US 45 from Illinois 37 south of Effingham to Bible Grove Road in Clay County.** Resurfacing on 11.4 miles, horizontal and vertical realignment, bridge work, a retaining wall and utility adjustments are programmed during FY 2013-2017 at a cost of \$16 million.
- **US 50 over Little Muddy Creek 0.8 mile west of the Richland County line.** A bridge replacement is programmed during FY 2013-2017 at a cost of \$7.1 million.
- **US 50 over the Otter Pond Ditch 1.5 miles east of Illinois 1 in Lawrence County.** A bridge replacement is programmed during FY 2013-2017 at a cost of \$6.6 million.
- **US 51 over the Sangamon River 1 mile south of Harristown.** Bridge rehabilitation for superstructure replacement is programmed during FY 2013-2017 at a cost of \$17 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **US 51 from south of Pana to Centralia.** Engineering for location, environmental and design studies utilizing Context Sensitive Solutions (CSS) from south of Pana to Centralia is under way at a cost of \$9.2 million. Continuation of engineering for location, environmental and design studies is programmed in FY 2011 at a cost of \$245,000 and in FY 2012 at a cost of \$317,000. SAFETEA-LU provided \$2.4 million in HPP funds and \$4.7 million in TI funds for this work.
- **Illinois 1 from the Crawford County line to the Wabash County line.** Resurfacing on 19.7 miles, a culvert replacement, a culvert repair, a bridge repair, a bridge replacement over the Embarras River, and utility adjustments are programmed during FY 2012-2017 at a cost of \$15.6 million. Of this total, utility adjustments are programmed in FY 2012 at a cost of \$100,000.
- **Illinois 16 from Washington Street in Shelbyville to Illinois 32.** Resurfacing on 9.1 miles is programmed during FY 2013-2017 at a cost of \$3.8 million.
- **Illinois 16 from the Shelby County line to US 45 in Mattoon.** Resurfacing on 9.5 miles and bridge work at the Little Wabash Creek are programmed in FY 2012 at a cost of \$4.2 million.
- **Illinois 128 from the Shelby County line to US 40 in Effingham and Fayette Counties.** Resurfacing on 12.9 miles is programmed during FY 2013-2017 at a cost of \$4.8 million.
- **Illinois 130 from US 50 in Richland County to Pine Street in Albion.** Resurfacing on 23.8 miles is programmed during FY 2013-2017 at a cost of \$9.3 million.
- **Township Road 1000 North from County Highway 28 to 0.4 mile east of Township Road 1300E north of Mattoon.** New construction for 2.5 miles is programmed in FY 2012 at a cost of \$7.4 million. *Illinois Jobs Now!* project.

Region 5

District 8

**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
REGION 5, DISTRICT 8, COLLINSVILLE**

Overview

Highway District 8 encompasses 11 counties in southwestern Illinois and includes the cities of Centralia, East St. Louis, Alton, Belleville, Edwardsville, Jerseyville, Highland, Greenville, Mascoutah and Chester, plus many smaller communities which serve as satellites for the larger employment centers. The state highway system in District 8 consists of 1,808 miles of highways and 972 bridges, supporting 15.8 million vehicle miles of travel daily.

State Program

The program for state and local highways will average \$1.92 billion annually for the FY 2012-2017 period. Approximately \$1.002 billion will be provided during FY 2012-2017 for improvements to state highways in District 8. The following table summarizes anticipated accomplishments on the state highway system in District 8 during this time frame.

FY 2012-2017 Accomplishments

<u>System Maintenance</u>	
Interstate (miles)	82
Non-Interstate (miles)	178
Safety Locations (number)	1
<u>Bridge Maintenance</u>	
Interstate (number)	5
Non-Interstate (number)	19
New Bridges (number)	15
Minor Structure Repair (number)	61
<u>Congestion Mitigation</u>	
Roads (miles)	8
Traffic Improvements (number)	5
<u>System Expansion</u>	
Roads (miles)	3
Locations (number)	0

Major projects of interest that are tentatively scheduled during the FY 2012-2017 time frame include:

- **Interstate 55 from 1.3 miles north of Illinois 140 to 0.5 mile north of Illinois 4 in Madison County.** Rubblization and overlay on 2.8 miles is programmed during FY 2013-2017 at a cost of \$21 million.
- **Interstate 57 from Jefferson County line to 0.5 mile north of Cross Road in Marion County.** Resurfacing on 9.5 miles is programmed during FY 2013-2017 at a cost of \$15.2 million.
- **Interstate 64 from 15th Street to 0.3 mile west of Illinois 157 in St. Clair County.** Resurfacing on 5 miles, bridge repair, new bridge deck, bridge deck overlays, and underdrains are programmed during FY 2012-2017 at a cost of \$29.9 million. Of this total, resurfacing on 1.8 miles, bridge repair, underdrains and bridge deck overlay from 0.7 mile east of Illinois 111 to 0.3 mile west of Illinois 157 are programmed in FY 2012 at a cost of \$12.5 million.
- **Interstate 70 at Relocated Illinois 3 in St. Clair County.** Interchange construction, land acquisition, utility adjustments and construction engineering are programmed in FY 2012 at a cost of \$53.5 million. *Illinois Jobs Now!* project.

- **Interstate 70/US 40 from 2.5 miles east of Interstate 55 / 270 Interchange to Bond County line in Madison County.** Resurfacing on 15.5 miles is programmed during FY 2013-2017 at a cost of \$33.6 million.
- **Interstate 255 from 0.2 mile south of Lake Boulevard to Interstate 270 in St. Clair and Madison Counties.** Resurfacing on 12.8 miles, bridge repair, ramp repair and bridge joint repair over Interstate 64 are programmed during FY 2013-2017 at a cost of \$65 million.
- **Interstate 270 at the Chain of Rocks Canal in Madison County.** Bridge replacement, bridge rehabilitation, retaining wall and construction engineering are programmed in FY 2012 at a cost of \$103 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **US 67 from Jerseyville to the Scott County line.** Engineering for contract plans and right-of-way plans, land acquisition, utility adjustments, construction of new bridges and culverts, a bridge replacement, grading and construction engineering are programmed during FY 2013-2017 at a cost of \$42.9 million. TEA-21 provided \$4.6 million and SAFETEA-LU provided \$7.2 million in HPP funds for this work.
- **Illinois 3 from Grafton Hills in Grafton to Illinois 109 in Jersey County.** Widening and resurfacing on 6.6 miles are programmed during FY 2013-2017 at a cost of \$9.9 million.
- **Illinois 3 Relocation from St. Clair Avenue to River Park Drive in St. Clair County.** New construction for 1.1 miles, grading, paving, drainage, two new bridges, land acquisition, utility adjustments, archaeological survey and construction engineering are programmed during FY 2012-2017 at a cost of \$45 million. Of this total, land acquisition, utility adjustments and an archaeological survey is programmed in FY 2012 at a cost of \$8 million. *Illinois Jobs Now! project.*
- **Illinois 3 from North Market Street to South Market Street in Waterloo.** Additional lanes for 3.4 miles, land acquisition, utility adjustments, engineering for contract plans, archaeological survey and construction engineering are programmed during FY 2013-2017 at a cost of \$26.5 million. *Illinois Jobs Now! project.*
- **Illinois 15 over Illinois 13 and the Illinois Central Gulf Railroad 1.4 miles east of Illinois 159 in St. Clair County.** Two bridge replacements, two new bridges, retaining walls, a railroad flagger, roadway re-profiling and construction engineering are programmed in FY 2012 at a cost of \$18.4 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **Illinois 127 over the Kaskaskia River 2.5 miles southeast of Carlyle.** Bridge replacement, land acquisition and utility adjustments are programmed during FY 2012-2017 at a cost of \$14.6 million. Of this total, land acquisition and utility adjustment are programmed in FY 2012 at a cost of \$100,000. *Illinois Jobs Now! project.*
- **Illinois 157 over St. Clair Avenue, Metrolink and Schoenberger Creek.** A bridge replacement, engineering for location, environmental and design studies, engineering for contract plans, land acquisition, utility adjustments and construction engineering are programmed during FY 2012-2017 at a cost of \$14.8 million. Of this total, engineering for location, environmental and design studies is programmed in FY 2012 at a cost of \$1 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **Illinois 161 from 0.1 mile east of Slant Road to 0.1 mile west of Randolph Drive in Centralia.** Resurfacing on 15.6 miles, bridge replacement at Crooked Creek 8.6 miles east of Illinois 127 and culvert replacement a creek 1 mile west of Centralia are programmed during FY 2013-2017 at a cost of \$19.2 million.

- **New Mississippi River Bridge at East St. Louis, Illinois and St. Louis, Missouri.** Reconstruction, grading and paving of new ramps for 0.6 mile, ramp modifications, bridge removal, bridge replacement, bridge repair, new bridges, retaining walls, intersection reconstruction for 9th and 10th Streets, resurfacing and additional lanes for 1.1 miles, new signs and sign maintenance at the Interstate 55/64/70 Tri-level area; paving for 1.1 miles from Industrial Avenue to 1st Street, patching and resurfacing on 0.6 mile of Baugh/St. Clair Avenue, continuation of construction of the New Mississippi River Bridge, construction engineering, engineering for contract plans, engineering for subsurface utilities, archaeological survey, and utility adjustments are programmed during FY 2012-2017 at a cost of \$206.4 million. Of this total, reconstruction, grading and paving of new ramps for 0.6 mile, ramp modifications, bridge removal, bridge replacement, bridge repair, new bridges, retaining walls, new signs, intersection reconstruction for 9th and 10th Streets at the Interstate 55/64/70 Tri-level area; patching and resurfacing on 0.6 mile of Baugh/St. Clair Avenue, continuation of construction of the New Mississippi River Bridge, engineering for contract plans, construction engineering, engineering for subsurface utilities, archaeological survey, and utility adjustments are programmed in FY 2012 at a cost of \$174.1 million. SAFETEA-LU provided \$150 million in PNRS funds and \$14 million in TI funds for this project.

Region 5 District 9

**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
REGION 5, DISTRICT 9, CARBONDALE**

Overview

Highway District 9 encompasses 16 counties in southern Illinois and includes the cities of Carbondale, Mt. Vernon, Marion, Herrin, Harrisburg, Murphysboro, West Frankfort, Benton and Pinckneyville, plus many smaller communities which serve as satellites for the larger employment centers or as focal points of this farming and recreational area. The state highway system in District 9 consists of 1,469 miles of highways and 756 bridges, supporting 8.4 million vehicle miles of travel daily.

State Program

The program for state and local highways will average \$1.92 billion annually for the FY 2012-2017 period. Approximately \$407 million will be provided during FY 2012-2017 for improvements to state highways in District 9. The following table summarizes anticipated accomplishments on the state highway system in District 9 during this time frame.

FY 2012-2017 Accomplishments

<u>System Maintenance</u>	
Interstate (miles)	48
Non-Interstate (miles)	277
Safety Locations (number)	0
<u>Bridge Maintenance</u>	
Interstate (number)	16
Non-Interstate (number)	74
New Bridges (number)	9
Minor Structure Repair (number)	10
<u>Congestion Mitigation</u>	
Roads (miles)	5
Traffic Improvements (miles)	6
<u>System Expansion</u>	
Roads (number)	0
Locations (number)	0

Major projects of interest that are tentatively scheduled during the FY 2012-2017 time frame include:

- **Interstate 57/US 51 from the Pulaski County line to 7.5 miles north in Union County.** Rubblization on 7.5 miles and bridge replacements at Township Road 277 and at Big Creek 2 miles north of Dongola are programmed during FY 2013-2017 at a cost of \$24.4 million.
- **Interstate 57 from 0.7 mile south of Illinois 146 to 2 miles south of the Johnson County line in Union County.** Resurfacing on 7.5 miles and bridge replacement at the Illinois 146 interchange are programmed during FY 2013-2017 at a cost of \$19.9 million.
- **Interstate 57 from 2 miles south of the Union/Johnson County line to south of Old Illinois 13 in Union and Williamson Counties.** Resurfacing on 15.2 miles and culvert replacements 1.9 miles and 1.7 miles south of the Johnson County line and bridge replacement at Westminster Drive are programmed during FY 2013-2017 at a cost of \$31.6 million.
- **Interstate 64 from 6.5 miles east of the Wayne County line to 0.4 mile west of Illinois 1 in White County.** Resurfacing on 6.5 miles and bridge deck overlays at the Little Wabash River, and 1 mile west of Illinois 1 are programmed during FY 2013-2017 at a cost of \$11.8 million.

- **US 45 from 3 miles south of Illinois 141 at Texas City to Illinois 142 in Eldorado.** Reconstruction and additional lanes for 4.3 miles, utility adjustments, land acquisition, and construction engineering are programmed during FY 2012-2017 at a cost of \$30.3 million. Of this total, land acquisition is programmed in FY 2012 at a cost of \$200,000. *Illinois Jobs Now!* project.
- **Illinois 13 over the Big Muddy River at the east edge of Murphysboro.** A bridge replacement, land acquisition and engineering for location, environmental and design studies are programmed in FY 2012 at a cost of \$13.2 million. *This project has been approved for Illinois Major Bridge Program funding.*
- **Illinois 13 from Division Street in Carterville to Briggs Road in Marion.** Additional lanes for 2.5 miles, a new interchange, new bridges, intersection reconstruction, demolition, land acquisition and utility adjustments are programmed during FY 2012-2017 at a cost of \$41.3 million. Of this total, demolition, land acquisition and utility adjustments are programmed in FY 2012 at a cost of \$5.3 million. *Illinois Jobs Now!* project.
- **Illinois 13 from Skyline Drive to Walton Way in Marion.** New bridges, a culvert extension, a new culvert, a retaining wall, a railroad flagger, and new construction of 1 mile of frontage road are programmed in FY 2012 at a cost of \$44.8 million. *Illinois Jobs Now!* project.
- **Illinois 14 from Mcleansboro to Illinois 1 in Carmi.** Resurfacing on 20.5 miles, two bridge replacements and two culvert replacements are programmed during FY 2012-2017 at a cost of \$5.7 million. Of this total, resurfacing on 9 miles is programmed in FY 2012 at a cost of \$2 million.
- **Illinois 127 over Beaucoup Creek 2 miles south of Illinois 4 in Jackson County.** A bridge replacement is programmed during FY 2013-2017 at a cost of \$4 million.
- **Illinois 127 (Bridge Street) over Big Muddy River at the south corporate limits of Murphysboro.** A bridge replacement is programmed during FY 2013-2017 at a cost of \$3 million.
- **Illinois 146 from the Johnson County line to Illinois 34 in Hardin and Pope County.** Resurfacing on 22.5 miles and bridge replacements are programmed during FY 2012-2017 at a cost of \$8.4 million. Of this total, bridge replacements over Little Grand Pierre Creek 3.1 miles west of the Hardin County line and over Big Grand Pierre Creek 7 miles northeast of Golconda are programmed in FY 2012 at a cost of \$2.5 million.

Statewide

**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
STATEWIDE LINE ITEMS**

Overview

The FY 2012-2017 Proposed Highway Improvement Program includes \$1.325 billion for statewide projects. The statewide projects are used to reserve funds for types of work for which the need is anticipated but exact locations or other details are not known in program development. In some cases, actual projects are identified for these line items during the course of the current fiscal year. In other cases, the funds are reserved in the later years of the program for projects to be identified in subsequent programs. A complete list is included, but as examples, the statewide projects provide funding for:

- Work zone and highway safety
- Traffic control improvements
- Contract maintenance which includes intermittent resurfacing, crack and joint sealing, bridge repairs and other roadway-related improvements that are performed by non-state forces
- Emergency road and bridge repairs
- Federally authorized Equal Employment Opportunity training programs and support services
- Economic Development Program providing highway improvements to provide access to new or expanding industrial and manufacturing developments
- National Recreational Trails Program
- Environmental studies
- Engineering for miscellaneous work statewide
- Railroad crossing safety projects
- Local Truck Access Route Program (TARP)
